

JUDGE TO ACT TODAY ON TAYLOR DEMURRER; ABATEMENT PLEA TURNED DOWN BY COURT

Methodists Exonerate Two Accused Bishops

MOUZON, MOORE HELD BLAMELESS ON ALL CHARGES

Cannon's Case Will Be Investigated "in Order of Seniority," Says Chairman of Tribunal.

BISHOP CANNON'S CHARACTER 'PASSED'

Rembert Smith Replies to Anonymous Charge by Bishop That He Is Seeking Publicity.

DALLAS, Texas, May 12.—(AP)—Four of the 13 bishops of the Methodist Episcopal Church, South, in general conference here, had their character "passed" by the episcopacy committee today, meaning that complaints brought against them had not been substantiated.

The bishops exonerated of any wrong doing reflecting on their offices or the church were Bishop W. A. Candler, of Atlanta; Bishop Collins Denny, of Richmond, Va.; Bishop Edwin D. Mouzon, of Charlotte, N. C.; and Bishop John M. Moore, of Dallas.

Bishops Mouzon and Moore had been accused by Dr. Rembert G. Smith, of Washington, Ga., of "unwarranted political activities" in the 1928 presidential election. Others named in Dr. Smith's complaint were Bishop James Cannon, of Washington, D. C., and Bishop H. M. Dubose, of Nashville, Tenn.

J. H. Therrell, Ocala, Fla., chairman of the committee, said the vote of confidence in each case was unanimous.

The nature of the complaints, if any, against Bishops Candler and Mouzon were not divulged. F. P. Culver, of Cisco, chairman of the committee, said there were complaints in most instances of a minor nature, against virtually all the bishops at every conference.

Bishop Moore was before the committee for more than an hour and after he emerged from the room, he said he had made a statement with reference to stock market activities, although he said he did not know if he had been accused of buying and selling stocks. Chairman Therrell said later that the Rev. George Soliver, of Amarillo, had made an oral statement to the committee with reference to Bishop Moore's activities in the market.

"I cannot see why one should not deal legitimately in stocks as a business proposition," Bishop Moore told the Associated Press. "Of course, participating in activities of stock markets is a different proposition. But, why shouldn't one buy stocks from dependable brokers? When one buys stocks in a railroad he owns a part of that railroad. I might see an automobile offered for sale at what I believed to be a bargain and decide to purchase it. That's a business matter and I cannot see anything wrong with it. Investing in good stocks ought to be all right."

Therrell announced the committee had made it a rule to consider the character of the bishops in the order of their seniority.

During the long executive session Captain G. T. Fitzhugh, of Memphis, Tenn., waited outside the door with a large envelope said to contain photostatic copies of ledger sheets from New York bearing upon alleged activities of Bishop Cannon on the stock market. He would not confirm the report that he would file a formal complaint against Bishop Cannon.

Several others were waiting to be called, including the Rev. J. S. Henry, of Hodge, La., who said he had a

SCHOOL GIRL DIES IN AUTO ACCIDENT

End Comes After Mother Had Volunteered for Blood Transfusion.

Just as preparations had been completed for a blood-transfusion operation in an effort to save the life of Miss Helena Stovall, of 1536 South Gordon street, a 16-year-old Commercial High school student, who was injured in an automobile crash early Monday afternoon, she died at Georgia Baptist hospital at 9:15 o'clock at night.

It was not thought at first that she was fatally injured, but as she grew steadily worse, preparations were hurried for the transfusion. The young girl's mother, Mrs. D. L. Stovall, had offered her own blood and after tests had shown that the two samples "matched" she was selected.

Miss Stovall was injured internally when the car in which she and four companions, all students of Commercial High, were riding skidded on the Cascade road and crashed into a telephone pole. She was riding in the rumble seat of the machine and was thrown clear of the car when it struck the pole.

Three of her four companions were slightly injured in the crash and all were treated at Grady hospital and allowed to return to their homes. Miss Tommie Williams, 15, of 951 Matthews street, received cuts about the body; Claude Ivey, 18, of 137 Cleland street, suffered cuts and bruises about the face, and Emmett Gossett, 19, of 1701 Langston street, driver of the automobile, was bruised and shaken up. The fourth student, Miss Mary Holcombe, escaped unhurt.

Miss Stovall was the oldest child of Mr. and Mrs. D. L. Stovall, of 1536 South Gordon street. She was in her second year at Commercial High school. She was born in Lavinia and later moved to Dahlonega with her family, coming to Atlanta from that place in 1918. Her father is shop foreman for the Gulf Refining Company here.

Miss Stovall was popular with students and faculty alike. In addition to her parents she is survived by two brothers, Lee and Frank Stovall.

The body was removed to the funeral home of H. M. Patterson & Son and arrangements will be announced from there later.

List of Candidates for Mayor and Council Will Be Presented Thursday Night.

The 1930 Club, an organization of independent voters of Atlanta, aroused by conditions as revealed by recent grand juries after investigation into municipal graft and corruption, Monday night elected Julian Boehm its permanent chairman and mapped a program to enter candidates for all offices in the forthcoming city primary.

Dr. Witherspoon Dodge, pastor of the Central Congregational church, and Mrs. B. M. Smith were elected vice-chairmen, and R. K. Rambo, secretary and treasurer. Members of an executive committee, representing all of the wards with the exception of the fifth also were selected at the meeting which was held on the Ansley hotel roof.

Select Mayor Thursday.

The club will select its candidate for mayor at a meeting Thursday night.

In the interim the members of the executive committee will consult independent voters of their various wards and at Thursday night's meeting will submit to the club as a whole candidates for alderman, councilman and the board of education from the various wards. If ratified the names will be qualified for entry in the primary Friday.

The following are the ward members of the executive committee:

First ward, R. E. Lee; second ward, Joseph Jansson; third ward, Dr. C. McLaurin; fourth ward, C. H. McCoy; sixth ward, Dr. Horace Grant; seventh ward, J. H. Merritt; eighth ward, D. F. Cox; ninth ward, George W. Cooper; tenth ward, O. E. Acree; eleventh ward, O. P. Walton; twelfth ward, E. B. Respass, and thirteenth ward, George Eckford.

Chairman Boehm will announce the fifth ward's representative today.

Urges Big Registration.

A strong plea was made by Mr. Boehm and Press Huddleston, the retiring temporary chairman, for a record-breaking registration for the primary. The registration books, open at the city hall, will close next Monday. All voters who have paid their 1929 taxes are eligible to register and vote in the primary.

"We want it considered the duty of every member of the club to urge those with whom they come into contact to register and vote in the primary," Mr. Boehm said. "We cannot hope for success in this campaign unless we get out the vote."

Mr. Huddleston, in turning the chair over to Mr. Boehm, sounded the same note.

If every person here goes into his own ward within the next few days and urges neighbors to go to the city hall and register we will have a record-breaking vote in next month's primary," Mr. Huddleston said. "With a large vote we are fairly certain of success. It is the people, who have not voted, upon whom we count for support and it is up to us to see that they register and vote."

Named by Acclamation.

Mr. Boehm was elected to the chairmanship by acclamation and to take the post even after he had raised strenuous objections, declaring that his business interests would not permit him to accept the position. He was elected by a vote of 100 to 0.

ROMANCE BARED IN IDENTIFICATION OF SUICIDE VICTIM

Man Found Hanging From Billboard Declared To Be Frank McDonough, of New York.

A telegram sent from Atlanta last Wednesday to his sweetheart in Jacksonville, Fla., Monday night was the medium through which the young man whose body was found dangling from a billboard near the Terminal station Sunday morning was identified as Frank McDonough, 28, of 2440 Amsterdam avenue, New York city.

Identification was established definitely through a woman operator in a telephone office at the railroad station who found that the published description of the victim corresponded with that of a man who had sent a message through her office last Wednesday and who had returned half a dozen times since that time asking for a reply.

The operator, through her husband, reported to officials of Harry G. Poole & Son, where the body was taken after being cut down from its scaffold, that the telegram sent by the man last Wednesday was addressed to Mrs. Helen McNaul, of 223 East Seventh street or 1334 Walnut street.

W. F. Darrington, of the Poole company, in a telephone conversation with Mrs. McNaul Monday night, stated that she expressed no surprise when apprised of the tragedy, remarking that she "expected that." She added, according to Mr. Darrington, that she had been engaged to McDonough for five years and that lately she had received a number of letters from him which indicated that he was despondent, though she could assign no reason why he should have taken his life.

Mrs. McNaul stated that the telegram she received from McDonough said "Arrived O. K. Wire me tonight" and further said that she had received a letter from him Monday which had been mailed from Atlanta Sunday. The contents of this communication she would not divulge, beyond stating that McDonough had given her no reason why he should have committed suicide.

In addition to supplying a general description of the victim, McDonough described two peckmarks on the left cheek which were the only scars that the body bore.

In another telephone conversation with McDonough's sister, Mrs. Annie McCue, with whom he lived in New York, Darrington learned that McDonough, after receiving a telegram from Mrs. McNaul about two weeks ago, had left immediately for the south and that Mrs. McCue, although she hadn't heard from him since his departure, assumed that he had reached his Florida destination. Questioned as to her brother's movements during the past month, Mrs. McCue declared that until his most recent departure.

GANDHI DISCIPLES SEIZE ENTIRE CITY

Natives Take Sholapur; British Use Airplanes to Disperse Rebels.

LONDON, May 12.—(AP)—The Daily Mail tonight received a dispatch from its correspondent at Bombay saying that the entire city of Sholapur had fallen into the hands of rioters, and that traders refuse to open their shops, fearing wholesale looting.

The dispatch said that in response to the urgent appeal of the district magistrate, a battalion of the Ulster Rifles was dispatched from Poona.

A. W. Mackie, commissioner of the central division, hurriedly left Poona for Sholapur.

The mill city, which was the scene of rioting on Wednesday and Thursday last week, probably will be put under martial law and handed over entirely to military control shortly.

HOUSE DAMAGED By Bolt; Skies To Clear Today

Radio Tells Paris He Is Only 540 Miles Off Atlantic Coast.

FAIRER weather is scheduled to supplant the cloudy brand which the weather department has been dishing up for the past few days and Tuesday will probably pass without an encore of the thundershowers which Monday afternoon accompanied lightning that did damage in spots.

However, the temperature is scheduled to remain about the same, Director C. F. von Hermann indicating that the thermometer would climb up into the low 80's and probably not fall below 65. During Monday's rainfall it dropped to 70 and the early low was 65 with a high of 80.

The roof and the second story of the residence occupied by Mrs. Fannie Netherlands, at 323 South Moreland avenue, were badly damaged early Monday afternoon when lightning struck the top of the house and set it on fire. Considerable damage was done to the first floor by water. Occupants of the house were all on this floor at the time the lightning struck and no one was injured.

French Aviator Nearing Brazil

Radio Tells Paris He Is Only 540 Miles Off Atlantic Coast.

PARIS, May 13.—(Tuesday).—(UN)—A wireless message received by Aeropostale here at 4 a. m. today from Jean Mermoz, French flier on a trans-Atlantic flight from Saint Louis, Senegal, Africa, to Brazil, said he was then over the island of St. Paul, which is about 340 miles northeast of Fernando Noronha, a large island about 200 miles off the coast of Brazil.

The message read: "All well. Two-thirds across. Expect arrive ten or eleven this morning."

May 12.—(AP)—The first attempt at regular all-air mail service from Paris to Buenos Aires was started this morning by Jean Mermoz, veteran French aviator.

With two companions Mermoz took off for Port Natal, Brazil, at 11 a. m. local time and expected to cover the 1,700 miles in less than 20 hours, although he had fuel enough for 26 or 27 hours. His crew is composed of M. D'Arby, navigator, and M. Guimille, radio operator.

The plane, carrying 700 gallons of gasoline, weighed 11,000 pounds at the start and can average from 100 to 110 miles an hour, although it probably will do 120 late in the flight when the ship is lightened by the use of fuel.

Two Men Badly Hurt In Crash With Trolley

Two men were seriously injured Monday afternoon when the truck was struck by a College Park street car near North Main street and Jefferson avenue, East Point. L. M. Milton, 287 Augusta avenue, was taken to Grady hospital, where it was said his skull was fractured and that he suffered other injuries. His companion, W. A. Dale, of East Point, also was described as seriously injured.

165-PAGE PAPER ATTACKS COUNTS AGAINST CLERK

Defense Attorneys Complete Reading of 66 Pages of Document by Adjournment Monday.

SPECIFIC CHARGES NOT MADE, CLAIM

Solicitor Boykin Prepared To Argue Against Demurrer as Soon as It Is Presented in Full.

Already having denied a defense plea in abatement, Superior Judge Virlyn B. Moore today is expected to rule on a 165-page general demurrer filed in behalf of Walter C. Taylor, veteran city clerk, facing trial on a 25-count indictment charging bribery.

Attorneys for Taylor had completed the reading of 66 pages of the believed to be record-breaking demurrer when court was adjourned for the day Monday afternoon and will finish this morning, after which the arguments will be heard and the ruling of Judge Moore made, paving the way for selection of a jury early this afternoon, unless the court sustains the demurrer in its entirety, which is beyond even the fondest hopes of Taylor's lawyers.

The long demurrer generally attacks each and every count in the indictment, specifically alleging that the city clerk does not come under the jurisdiction of the state bribery law, as he is not an officer of the state and not an officer of the municipal government, but merely an employee of the city's council. The demurrer further states that Taylor as city clerk has no official status in council, the demurrer adding that the duties of the council are entirely ministerial and that he has neither vote nor influence in the city council or the aldermanic board.

The Taylor demurrer especially contends that the 60-page indictment does not make any specific charges nor give the defendant any "idea of what he is to answer for when called to trial."

Attorneys for Taylor in the demurrer point out that the indictment merely alleges certain transactions took place on certain dates, not giving any of the details of the nature of the various counts.

Solicitor-General John A. Boykin and his assistant, J. Walter McCraw, announced late Monday afternoon that they are prepared to argue against the demurrer as soon as it has been submitted in full and are confident that it will be overruled to such an

IL DUCE CONTINUES TRIUMPHANT JOURNEY

Mussolini Fences and Makes Fiery Speech in Lucca.

LUCCA, Italy, May 12.—(AP)—Premier Mussolini spent a busy few hours in Lucca today on his tour of Tuscany, joining in a fencing match, making a speech, reviewing what was termed the greatest concentration of armed black shirts and regular forces ever seen in Italy, and promising an important political speech in Florence Sunday.

When Il Duce visited the school for reserve artillery officers this morning

and was shown the fencing room, he insisted on having a match on the spot.

General Romeo Longhera, middle aged corps commander, offered to be his opponent, and in the presence of newspapermen and officers the premier donned mask and gloves, showing that he could wield a good foil.

"I'm touched," cried Longhera after a few minutes, pretending he had been nicked.

"General," said Mussolini, "that was your point, not mine. You're too chivalrous."

Then the premier, whose fast foot work and lightning lunges had featured the match, kissed his adversary on both cheeks and ended the show.

His speech was only eight minutes long but full of fire.

"Blackshirt Italy is and always will be invincible," shouted Mussolini. "Then, 'To whom belongs this new Italy?'"

"To us!" roared the armed black-shirts.

"Today, tomorrow and forever," shouted the premier in return.

SENATE PASSES BILL FOR NEW JUDGESHIP

Measure Will Add Justice to Georgia Circuit—May Name Atlantan.

WASHINGTON, May 12.—(Special.)—Authority for the creation of an additional judgeship in the fifth federal circuit court of appeals, embracing Georgia and five other southern states as well as the Canal Zone, was contained in a bill passed by the senate today. The bill sponsored by Senator Duncan U. Fletcher, of Florida, would give the fifth circuit a total of four judges, with the possibility that President Hoover may go to Georgia to fill the vacancy in the event it is finally authorized. Before an appointment is in order, however, action must be taken by the lower house, which is expected to give its approval without any serious difficulty.

The late Chief Justice Taft recommended an additional judge for the circuit some months before his death, while the department of justice has also approved the legislation.

upper chamber, Senator Fletcher, now ill, recently directed that a letter be sent to each congressional delegation from the several states affected asking that they take steps to expedite action once the measure reaches the house.

In addition to Georgia, the fifth circuit includes Florida, Alabama, Mississippi, Louisiana and Texas, together with the Canal Zone. The three present judges are Richard W. Walker, of Alabama, who makes his headquarters at New Orleans; Nathan P. Bryan, of Florida, making his headquarters at Jacksonville, and Rufus E. Foster, of Louisiana, who also makes New Orleans his headquarters. Probabilities are that the new jurist be assigned headquarters at Atlanta because of its central location.

New Yorker Dies After Removing Own Appendix

NEW YORK, May 12.—(UN)—Louis Capetta, 42, a baker, died of peritonitis tonight after operating upon himself twice with a razor blade in an effort to take out his appendix.

Details of the operations were confirmed by the Bronx county medical examiner's office after an investigation.

Capetta consulted friends regarding what he believed to be appendicitis, and decided against entering a hospital. He is believed to have stood in front of a mirror to cut his abdomen. In the first operation Capetta removed a section of the appendix and then sewed up the incision.

The pain returned after several weeks, and a week ago he reopened the wound. This time he got the rest of the appendix out. The reclosed wound became painful that night, and he motored to a hospital.

Physicians found that peritonitis was developing. They made a futile effort to save his life.

BODY OF 9-YEAR-OLD FOUND IN WOODLAND

Iowa Girl, Missing Since Saturday, Victim of Foul Play.

DES MOINES, Iowa, May 12.—(AP)—The body of 9-year-old Evelyn Lee, who had been assaulted and slain, was found this afternoon in a wooded glade at the edge of Des Moines. The child, missing since late Saturday, had been choked to death, police said. They characterized the slaying as the act of a fiend, for whom they started an extensive search.

State agents and Polk county officials joined the search in Sheriff Park A. Finley put two bloodhounds on the trail.

An autopsy showed that the child was killed Saturday night.

Police were working on the possibility that two men may have been involved. Two nieces of Henry Alber, chief of police, said they had seen a car containing two men and a struggling child in south Des Moines Saturday evening. The girl tried to wave, they said, but the men jerked her arms down.

W. W. Wessell and his son, Harold, 4 years old, were picking violets when they found the body. It had been placed at the foot of a large tree in a tangled clump of bushes.

Officers discovered impressions of automobile tracks which stopped 25 yards from the spot.

A. H. Decker, of Indianapolis, said he saw a car driving through that town, 15 miles south of Des Moines, with two men holding a small girl against her will.

CANNON CLAIMS PUZZLE CARAWAY

WASHINGTON, May 12.—(AP)—The controversy over the political activities of Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, in the 1928 Virginia anti-Smith campaign was renewed today with receipt of a telegram by the senate lobby committee from Cannon which said he personally received and disbursed practically all the funds of the anti-Smith democrats in that state.

After receiving the telegram from Cannon, who is in Dallas, Texas, Chairman Caraway of the lobby committee said it was "difficult to interpret" in the light of previous testimony received by the committee. He added that the committee would be "interested in receiving his explanation."

Caraway said that E. C. Jameson, New York capitalist, had testified that he had contributed \$65,000 to Cannon for the anti-Smith campaign. The lobby committee chairman also recalled that a telegram from Cannon to Jameson had been placed in the record which suggested that the reports to congress show that \$17,000 went to the headquarters committee of anti-Smith democrats and \$48,300 to the Virginia committee of anti-Smith democrats.

"Bishop Cannon's statement in his telegram," Caraway told newspapermen, "is difficult to interpret in the light of the one to Jameson asking him to make a report that \$65,300 had been given, \$17,000 to him and \$48,300 to the committee."

"Now his statement is that the money was all handled by him and not by the committee when the committee does report having received \$17,000. We will be interested in receiving his explanation."

Cannon's telegram to Caraway said in part: "Virginia advises indicate you are inquiring concerning the treasurer of the Virginia anti-Smith democrats. I personally received and disbursed practically all the funds of the Virginia anti-Smith democrats in 1928 but made no report of such receipts and disbursements as none were required by law."

In an effort to obtain the records of receipts and expenditures, Caraway announced that Miss Ada L. Burroughs, of Richmond, treasurer of the anti-Smith committee, had been directed to appear before the committee next Wednesday. She was ordered to bring any records in her possession.

Cannon's telegram added that his appearance before the lobby committee would be delayed until after the meeting of the general conference of the Methodist church now in session at Dallas. Charges concerning his political activity have been brought against the bishop at the conference, and he said he would have to remain to meet the charges.

Darrow To Defend Hops, Malt Dealer

CHICAGO, May 12.—(AP)—Clarence Darrow, internationally known lawyer, has weakened in his determination never to take another criminal case. He announced today that he will defend Joseph Grein, president of the Chicago Malt Products Association, whose Madison street store was raided by prohibition agents last week.

The raid, ordered by Prohibition Administrator Yellowley, was made on the theory that the supreme court decision permitting the seizure of articles used in the manufacture of intoxicants would apply to the stock of malt syrup, bottles, bottle caps and the like. It was the first raid conducted here under the decision.

"I am taking the case because Grein is a friend," said Mr. Darrow. "I believe he is innocent. In addition, I am interested in this latest piece of fanaticism in the attempt to enforce prohibition."

Miss Hollins To Pay Wager of \$50,000

SANTA CRUZ, Cal., May 12.—(AP)—Two checks of \$25,000 each will be passed across the table at a dinner here this week and thus Miss Marion Hollins, former woman's national golf champion, will have carried out her part of an odd agreement entered into by two women and a man five years ago.

At a dinner in 1925 Miss Hollins and Mrs. Louise Dudley, of Santa Monica, and Eric Pedley, star polo player of San Gabriel, shook hands on an agreement that "the first of the three to make a million dollars would pay each of the others \$25,000."

Miss Hollins became interested in promotion of Kettleman Hills oil lands, and last week announcement was made that her share of the sale of an oil corporation would total considerably more than a million dollars.

Man's Wife May Have Male Caller, Judge Declares

PHILADELPHIA, May 12.—(AP)—The social calls of George Washington and Benjamin Franklin were cited by Judge Edwin O. Lewis today to show that there is "no harm" in a married man visiting a married woman when the woman's husband happens to be out.

The judge made only one stipulation—that there be no evidence of love-making. He made the statements in dismissing the \$25,000 alienation of affections suit brought by Raymond Miller against James Walker, principal of the Longstreth public school.

Washington and Franklin, Judge Lewis declared, often visited the wives of other men.

"And I can't see any harm in it," he added. "I know many men with impeccable reputations who do it."

Women neighbors had testified that they had seen Walker call on Mrs.

Miller as often as three times a week for more than a year and that the visits had lasted several hours.

"What's wrong with that?" Judge Lewis asked. "Like the classical poets, the principal, being an intelligent man, might very well have been reading poetry to Mrs. Miller. There is no evidence that there was anything wrong going on."

"Why, if such a thing were proof of alienation of affections, think of all the 5 o'clock tea hostesses who would be guilty of stealing the love of married men. Then consider the plight of matinee idols, some of whom are ensnared in the heart of every married woman."

Then, turning to the plaintiff's counsel, Judge Lewis asked a question which went unanswered: "Do you think that even a married woman likes only one member of the opposite sex?"

Irene Castle Catches Deserter of Dog

CHICAGO, May 12.—(AP)—Irene Castle McLaughlin, who danced her way to fame, got her man today. For three months she relentlessly sought the man who deserted a three-legged collie dog in a vacant flat one day last January when the temperature hovered around 14 below zero.

An officer of the Anti-Cruelty Society arrested the man, whose name was given as Henry Parnshaffer. He was fined \$25 and costs by Municipal Judge Alfred O. Erickson, and is to work out the fine in the house of correction.

Mrs. McLaughlin, who had a home for friendless dogs, which was destroyed by fire some time ago, testified against him.

Woman Under Arrest For Brutal Ax Murder

HAMMOND, La., May 12.—(P)—Sheriff Frank Edwards today took into custody Mrs. Martin Chatman, in the slaying of her husband with an axe while he slept. The officer was told that the woman smashed the man's brains out because he had refused to buy her some clothes. The couple are both well known in the Tickfaw section, near here, where they reside.

Chatman, Sheriff Edwards said, had retired for the night when his wife entered his room and is alleged to have rained blows on his head with an axe. The slaying, after it had become generally known, created much excitement throughout this section. The five small children of Mrs. Chatman, who were playing in a room

adjoining the bedroom of their father, told Sheriff Edwards that they stopped their play as their mother swung the axe and looked on at the butchery powerless to stop her. To make sure that Chatman was dead the slayer severed the head from the body after crushing it.

The children, Edwards said, told him their mother had said to them that she had to kill the other parent because he had refused to purchase her some new spring clothing.

After attempting in vain to obtain a statement from Mrs. Chatman as to the reasons for the act, Sheriff Edwards locked her up in the jail at Amite and hoped to obtain a coherent statement from her later.

House of Woman Suicide Yields \$100,000 Cache

BALTIMORE, May 12.—(P)—The body of Mrs. Mary Textor today was found lying in several inches of water in the basement of a palatial home she occupied alone. Several hours later police unearthed \$100,000 in jewels, cash and bonds from various hiding places about the dwelling.

A heavy wire was wound tightly about the neck of the woman and water still gushed from a broken overhead pipe which she apparently had used as a gallows upon which to hang herself.

All doors and windows of the house were locked, and the blinds drawn when Frank Bouchat, a friend of the 68-year-old woman, called and obtained no response to his repeated knocks. He heard the running of the water in the basement and called police who broke in a door.

After the body had been removed police started a search which resulted in finding the treasure.

In a talking machine box was a handful of jewels, which added to others found in other hiding places totaled \$25,000 in value. Other cracks and crannies yielded Liberty bonds, securities and cash to bring the whole total to \$100,000, the police said.

Mrs. Textor had lived alone in the big home with only a dog as a companion, since the death of her husband, a wealthy lumberman, four years ago. A suicide verdict was returned in her death.

Unemployment Bill Approved in Senate

WASHINGTON, May 12.—(P)—By a vote of 34 to 27, the senate today passed the third measure introduced by Senator Wagner, democrat, New York, to help solve the unemployment problem.

The bill, which now goes to the house, would broaden the scope of activities of the United States labor department to create a national system of employment offices and to assist the states in setting up similar bureaus.

For the latter purpose the bill authorizes annually \$4,000,000 for the next four years, 75 per cent of which would be apportioned to the states which match the federal funds for the work. The balance of the money would be expended for administrative purposes.

The director general of the service would establish a federal advisory council composed of an equal number of employers and employees "for the purpose of formulating policies and discussing problems relating to unemployment, and insuring impartiality, neutrality, and freedom from political influence in solution of such problems."

Similar advisory councils would be set up in the states.

POSSE STILL SEEKS SLAYER OF HARDEN

Witnesses Testify Negro
Used Shotgun and Killed
in Cold Blood.

MACON, Ga., May 12.—(AP)—A large territory on the Zebulon road was being watched tonight by a posse seeking Robert Davis, 35-year-old negro, who killed W. A. Harden, well drifter last Saturday.

The trail has grown cold with time and was wet, but the officers still had hopes of capturing the negro, and a pack of bloodhounds was held in readiness should the fugitive be sighted.

A coroner's jury today charged Davis with first degree murder after hearing two witnesses, Morgan Dupree and E. L. Waits, who saw the slaying.

Both testified that Davis killed the white man after the two argued over some remarks the negro loathed of making to a white man "when I chased him off my farm."

Dupree said Harden struck Davis when the negro told him "I am boss here."

A bystander handed Harden a hammer at his request, Dupree testified, but Davis snatched it away and fled into the gun. When he returned he had his gun. Harden took refuge in a pump house, the witnesses said, but exposed his head, and the negro shot him.

Harden called for help, according to Waits, who went to help him, only to be ordered away by the negro.

Waits said the negro walked to the wounded man as he lay on the ground and emptied another load from the gun into his heart.

Macon Girl Leaves Her Night Clothing On Porch, Disappears

MACON, Ga., May 12.—(AP)—Mrs. O. P. Vandiver asked the assistance of police today in finding her 15-year-old daughter, Sara, who disappeared from the Vandiver home in the residential section along the Forsyth highway.

Mrs. Vandiver said that Sara and her twin sister, Rhoda, came at 8 a. m. today and that Sara went to the front porch in her night clothing to get the morning newspaper. She did not see Sara since. Members of the family began a search for her when she failed to appear at the breakfast table.

The mother told officers that Sara's night clothing was found on a chair near the front door, which was open, and that all of her other clothing had been accounted for. Mrs. Vandiver said that Sara and her husband recently had been divorced and that the husband now lived in Atlanta.

Police questioned bus drivers and other persons driving along the highway early today, but said that none of the motorists had seen the girl. Mrs. Vandiver said that Sara was in excellent health and appeared to be in good spirits. The mother said that a few weeks ago Sara had asked if the family ever intended moving to Atlanta, and expressed the belief that she would like to live there.

The missing girl was a student in the Girls' High school here. She was regarded there as a serious-minded student, much interested in her studies. The Vandiver home, although outside of the city limits, is in a thickly settled residential section.

NEW WARRANT ISSUED FOR ILLINOIS MAN

Jesse Diamond, Jr., Sought
by Officers After Release
at Valdosta.

VALDOSTA, Ga., May 12.—(AP)—No trace has been found by police here of Jesse Diamond, Jr., formerly of Mount Vernon, Ill., whose arrest was ordered recently by Governor Hardman pending the outcome of a second hearing on a request for extradition of Diamond to Illinois.

Diamond was released from jail here after Governor Hardman had declined to honor the Illinois requisition, saying that that Diamond's return to Illinois was sought because he owed money there. A new hearing was ordered on the extradition petition.

According to E. Allen, prosecutor at Mount Vernon, Diamond has been indicted on two embezzlement counts, charging him with making collections for banks which had purchased notes from him, and failing to give the banks the money. He is alleged also to have sold southern Illinois banks worthless automobile papers to the amount of \$70,000 through forged mortgages.

Young Diamond spent several months in Valdosta before his arrest, but he used no special name during that time, he in no special way avoided his real identity and when the arrest was made he frankly stated to the officers that he was Jesse Diamond, Jr., who is conducting a revival meeting here, preached at the Methodist church.

The robbers failed to open the big iron door which stood between them and the money. Officers said entry into the office had been made through the window in the waiting room of the depot.

HIGHWAY WORK STARTS NEAR THOMASVILLE

Paving of New Georgia-Florida Road Soon To Be Completed.

THOMASVILLE, Ga., May 12.—Work on several new highway paving projects will begin in Thomas county this week. The Georgia highway board has let the paving contract for the first seven miles on the Dixie highway between Thomasville and Tallahassee, Fla. The board is now advertising to let contract before the end of May for more than 15 miles east of Valdosta, on Highway No. 38, which passes through Thomasville, and extends from the Georgia-Alabama line to Savannah.

Work of laying pavement is now in progress on this road between the Thomas county line and the town of Dixie, 20 miles east of here. Florida state road department engineers have cross-sectioned their part of the Thomasville and Tallahassee, Fla., highway, beginning 12 miles south of here, and 18 miles southeast of Thomasville cross-section stakes have been put down by these engineers on a portion of the line in Florida that leads from Thomasville through Micooske, Fla., to the Gulf of Mexico, some 50 miles below here.

Contracts to pave these two sections of road will be let by the Florida board this month, or early in June.

Cotton and corn both are well up and are being chopped and worked this week. Truck also is in an advanced stage, for Miss Elizabeth Wise, Thomas county home demonstration agent, reports that girls of her 4-H clubs will begin next week to put up beans. D. A. R. Army Chief Will Help Unveil Kettlecreek Marker

WASHINGTON, Ga., May 12.—With the acceptance Monday by General Charles P. Sumner, army chief of staff of the Daughters of American Revolution, of an invitation to be present here at the unveiling of Kettlecreek monument in June, plans for the unveiling ceremonies were practically complete. Friday, June 6, has been selected as the date for dedicating the handsome monument which now adorns "War Hill," 12 miles southwest of Washington.

It marks the spot where the American forces under command of Colonel Elijah Clarke, John Dooley and Andrew Pickens surprised the British under General Boyd on February 14, 1779, at daybreak. This decisive victory definitely wrested Georgia from British control. "War Hill" is a beautiful eminence overlooking the winding creek below which got the name of "Kettlecreek" from the number of kettles and other army cooking utensils found in its bed after the memorable battle.

The British were in the midst of preparing for breakfast when the Americans made their surprise attack, and the "hornet's nest of the Revolution," as Wilkes county was then known, justified its name. Invitations to men and women prominent in the state and nation are being mailed today, and plans now under way indicate that June 6 will be a red letter day in the history of historic Washington, Wilkes.

J. Scott Davis, Henderson L. Latham and J. Sante Crawford have entered the democratic primary race. The three representatives said reports from Atlanta to the effect that Floyd county would lose one representative's seat in the 1931 legislature are without foundation.

SIMMONS ANNOUNCES FOR LEGISLATIVE SEAT

**Candidate Favors Election
of City Clerk by Vote
of People.**

Jesse B. Simmons, who two years ago was a candidate against Miss Bessie Kempton, Fulton county legislator, Monday announced his candidacy for that post again, subject to the democratic primary of September 10. Text of Mr. Simmons' announcement follows:

"Two years ago I was a candidate for one of the seats in the legislature from Fulton county. At that time I was defeated by Miss Bessie Kempton, the incumbent, by a small vote. I am still ambitious to represent this county in this position and hereby announce my candidacy for the same place, subject to the democratic primary to be held September 10, 1936.

"I shall, if elected, fulfill the duties of this office impartially, honestly and to the best interest of the people of Fulton county. I shall oppose unnecessary and burdensome taxes on

the already overburdened taxpayers. I shall favor the election of the clerk of the city of Atlanta by a vote of the voters of the city of Atlanta, as was done prior to an act of the legislature changing his election from a vote of the people to city council about ten years ago. I shall favor the election of the judges of the municipal court of Atlanta by the people.

"I shall favor a law allowing citizens the right to vote upon the payment of the poll tax, the real estate tax becoming a lien on the property upon which the tax has been assessed against, thus placing all citizens on the same basis, and placing no extra burden on the owners of real estate."

'POST ROAD' MILEAGE IN STATE NOW 97,510

Georgia has a "post road" mileage of 97,510 miles, which is more than any state east of the Mississippi river has, C. C. Milner, assistant engineer of the state highway department, writes in the current issue of the Atlanta Chamber of Commerce City Builder.

This state's post road mileage is equal to that of all New England and Florida combined, Mr. Milner says. There are 2,750 miles of primary and 3,750 miles of secondary roads in the federal aid system. Every county in the state has at least two roads.

Under the plan of federal and county aid and gasoline tax money for highways, the state highway department has expended approximately 1,700 miles and surfaced 1,900 miles with sand and gravel at a total expenditure of \$78,000,000 to December 31, 1935.

Of this amount, the federal government has furnished \$22,000,000, the counties \$26,000,000 and the state \$30,000,000.

There remains about 2,750 miles of unimproved roads, the article states. There is a total of 5,300 miles yet to be hard surfaced.

In addition to the roads paved and improved, 765 steel and concrete bridges and 356 timber bridges have been built.

The first road program in Georgia was begun in 1732 and practically the same methods for building highways were used for 175 years.

"This road mileage has been the result of steady development for nearly 200 years and the growing demand for better roads," the article says.

Kennedy Defends Dry Poll in Radio Talk

In a radio address over WGST Monday night, T. Edward Kennedy, executive director of National Prohibition Survey, replied to a recent public statement of Dr. Arthur J. Burton, chairman of the executive committee of the Anti-Saloon League of America, attacking the survey as "wet" and characterizing it "pernicious."

"In absolute fairness and frankness," Kennedy said, "we assert there is nothing conceivably pernicious about a voluntary survey of America on the question of prohibition. The freedom that is inherent in our form of government certainly offers no bar to any such undertaking. We have been careful to make clear that the results are to be used as 'educational facts.'"

No Quorum, Council Meeting Called Off

For the first time since establishment of the council of Atlanta, that body failed to meet Monday afternoon because of lack of a quorum.

Just before time set for the meeting, a veritable downpour descended, and only eight of the 19 members of the council appeared.

Those present were Mayor I. N. Ragsdale, mayor; J. A. Pyburn, J. T. Carroll, J. J. Waites, N. S. Johnson, F. C. Sherrill, Jr., George W. Taylor and William D. Thomson.

Johnson Quits Politics For Big Film Company

Joseph Johnson, former Atlanta newspaperman and commissioner of public works for New York city, has resigned to accept the position of assistant general manager of the Fox Film Corporation, it was announced Monday.

Coins Shower Down As \$50 Fine Is Paid

A cascade of small coins poured from the pockets of Square Thrasher, negro, Monday when he paid a \$50 fine in criminal court of Atlanta on a prohibition charge. Thrasher had been saving nickels and dimes for five months, he said, and Judge Jesse M. Wood relieved him of them with just a few words. Two deputy sheriffs were required to count the coins and gave Thrasher \$6 in change after they had sorted out the pile of "chicken feed."

QUILLIAN MAY OPPOSE JUDGE NASH BROYLES

**Winder Lawyer Said To
Have Decided To Enter
Court of Appeals Race.**

Probability that Judge Nash R. Broyles will have opposition for the post of chief justice of the court of appeals, in the person of J. A. Quillian, of Winder, became known at the capitol Monday. While Mr. Quillian, who is a well-known lawyer of north-east Georgia, has not definitely announced his intention of entering the race, it was declared that he has practically decided to do so. He has for many years taken an active part in the politics of his section of the state.

Judge Broyles has made no statement as to his plans, but it is known that he will be in the race for reelection.

BATTLEGROUND SURVEY TO BE STARTED SOON

**Col. H. L. Landers Expected
To Arrive Within Few
Days.**

Preparations for survey of Civil War battlegrounds in and near Atlanta began Monday when the secretary to Colonel H. L. Landers, of the historical section of the Army War college, assigned to the survey, arrived in Atlanta and applied for space in the federal building for a headquarters.

Colonel Landers is expected to arrive within the next few days, and the survey, which is aimed at perfecting a plan for a permanent memorial, will get under way at once.

Two plans are under consideration, it is understood. One calls for establishment of military parks at Peachtree creek, Kennesaw mountain and Jonesboro, connected by a memorial highway and with historic places marked. The other is for the marking of the various places of interest in a suitable fashion.

Colonel Landers in Washington has conferred with members of the Georgia delegation. Senator William J. Harris a year ago introduced a bill providing for the survey and an appropriation of \$8,000 with which to finance it.

A comprehensive booklet on the subject of the battlefields has been prepared by Wilbur G. Kurtz, of Atlanta, pointing out the places of interest.

Nomination of White As Baptist Head Seen

Nomination of Dr. John B. White, former pastor of the Second Baptist church here and present head of the Georgia Baptist convention, to the presidency of the Southern Baptist convention, which will convene in New Orleans today, was seen Monday by Dr. Len G. Broughton, pastor of the Baptist Tabernacle, who left for the Crescent City to attend the denominational congress.

According to Dr. Broughton, voluntary pledges of support of Dr. White for that post have been tentatively agreed on by a majority of the leading ecclesiastics and laymen representing the 14 states to participate in the convention.

Dr. Broughton also declared that he will recommend a new department to promulgate evangelistic work formerly carried on by the home mission board.

Houston Now Third Largest Dixie City

With Houston making a spurt which placed it third in the rank of southern cities, Atlanta Monday maintained its status as the second city of the south, exceeded in population only by New Orleans.

Houston's population was announced Monday at 290,811, a gain of 110 per cent, placing it well ahead of Dallas, with a 260,397 population, and Birmingham with 257,057, and eliminating Memphis, with upward of 250,000, from the group of the first five southern cities.

Other reports placed Atlanta in the lead over Rochester, N. Y., which has a population of 325,013, against the Greater Atlanta population estimate of 360,000.

'WHAT A GREAT BLESSING SARGON HAS BEEN TO ME'

**"It Has Brought Me Such
Relief and Comfort I
Hardly Know How To
Tell About It."**

"No one can realize what a blessing Sargon is until they've gone through what I have in the past twenty years and then find such health and strength as this wonderful

MRS. W. L. DOBBS.

medicine has brought me," recently declared Mrs. W. L. Dobbs, of 814 Jefferson St., N. W., Atlanta.

"I'd have long spells of sick headaches, and sometimes I'd be so bilious and nauseated I couldn't retain anything on my stomach. Every once in a while great red spots like eczema would break out all over my lower limbs and they'd burn and itch until I thought I would go distracted. My nervous system was all to pieces and I had a horror of ever being left alone as I imagined all sorts of things would happen to me, and I was very restless at night. My stomach was in such a delicate condition I had to be careful of my diet and I never dared to eat any fried foods or beans or heavy meats. I suffered habitually with constipation, and I was 'dizzy-headed' nearly all the time.

"I'd heard a lot of my friends praise Sargon so I decided to try it. It brought me such relief and comfort I hardly know how to tell about it all. I've taken six bottles now, along with the pills, and my whole system seems strengthened and built up. I eat anything I want and never suffer the slightest distress from my stomach. My nerves have adjusted themselves and I sleep good and get up feeling rested and more like doing my housework.

"Sargon Pills got my liver to working right and overcame my constipation, and I don't know what it is to have a sick headache or dizzy or bilious attack any more. I'm getting rid of my toxic condition and I don't have that awful breaking out on my limbs like I did.

"I think Sargon is the grandest medicine on earth and I'll welcome questions from anyone who wants to ask me about it."

The Sargon Man is at Jacobs' Main Store, 48 North Broad St., Grant Bldg., where he is meeting the public daily and explaining the merits of this remarkable new medicine. Sargon may be obtained at all Jacobs' Drug Stores throughout Atlanta.—(adv.)

sessing a clear skin, self-respect increases.

First impressions cannot be good without a
clear skin—first impressions are quickly made
and are not soon forgotten. Old friends may ex-
cuse pimples and secretly sympathize, but new
acquaintances may not be so charitable. Skin
blemishes are not inviting. Neither can they be
covered up. They embarrass. Hold people back.
Steal away joy and happiness.

A lovely, clear skin is within the reach of all.
To you who have lost it, hope is offered, that
you, too, may have a beautiful skin, rose-petal in
texture, pretty as a picture and without a single
pimple.

Skilled physicians recognize the appearance of
skin eruptions as being an indication that the
body's power of resistance is low.

The natural way to remedy this condition is
to restore the red-blood-cells to normal.
This is why so many thousands have been en-
abled to free themselves of these unsightly blem-
ishes and painful skin annoyances by taking a
course of S.S.S.

S.S.S. helps Nature restore the blood to its
normal state. Healthy blood nourishes the body
and works against infection and disease.

Without plenty of rich, red blood there would
be no strong, sturdy, powerful men, or healthy,
beautiful women.

If you are troubled with so-called skin dis-
orders, take a few bottles of S.S.S.

RAILROADS MAKE NEW RECORDS FOR DEPENDABLE FREIGHT SERVICE

Every branch of railway service has shown marked
improvement during recent years. Particularly is this true
of the handling of freight without loss, damage or delay.
When freight is lost or damaged it causes inconvenience
and annoyance to every class of shipper, also such items
of wastage must be added to the nation's transportation
bill. Therefore the general public has a direct interest in
the progress the railroads are making in the elimination
of this drain.

For the country as a whole, car loadings in 1921 were
thirty-nine million, and the railroads paid loss and dam-
age claims of ninety-six million dollars. In 1929, car
loadings were fifty-two million, loss and damage claims
thirty-seven million dollars. An increase of 33% in
business was handled with a decrease of 61% in claims.

The showing of the Central of Georgia compares
favorably with that of the railroads as a whole—an in-
crease of 35% in business handled with a decrease of
69% in claims.

The Central of Georgia takes pride in this progress of
the railroads of the United States, and in its own record
of safe and prompt handling of passengers and freight. It
is striving to give even better service in future, and it ap-
preciates both the patronage and co-operation of those
who ship and travel.

Constructive criticism and suggestions are invited.

President, Central of Georgia Railway Company.

LEADERS IN GROCERY TRADE CONVENTION TODAY

Wholesalers From Every
Section of Country Will
Attend Sessions Here.

Eight hundred of the nation's lead-
ing wholesale grocers will be in At-
lanta today, together with their wives
and other guests, to attend the first
day's session of the thirty-eighth an-
nual convention of the association,
which will begin at 10 o'clock this
morning at the Atlanta Biltmore hotel
and continue through Thursday.

The high spot of the first day's reg-
ular proceedings will be the annual
address by J. H. McLaurin, of Wash-
ington, D. C., president of the associa-
tion, which will be delivered follow-
ing the reading of announcements by
chairmen of committees on auditing,
resolutions and nominations. The af-
ternoon will be devoted to an execu-
tive session for the delegates, while
their wives will be taken on a shop-
ping tour during the session. At
night the delegates and their guests
will be entertained at a party at the
Fox theater.

President McLaurin will call the
convention to order at 10 o'clock, af-
ter which the Rev. D. Witherspoon
Lodge, pastor of the Central Congrega-
tional church, will pronounce in-
vocation. Mayor Ragsdale then will
deliver the address of welcome on
behalf of the city while W. A. Al-
bright, president of the Atlanta
Wholesale Grocers' Association, will
speak in behalf of local members. Mr.
Albright will preside over the fore-
noon session. Responses to the ad-
dresses of welcome will be made on
behalf of the association by J. D.
Fauette, of Bristol, Tenn.

Although the afternoon's session is
scheduled as an executive meeting, it is
announced by leaders of the conven-
tion that all wholesale grocers are ex-
pected to attend regardless of whether
they are members of the association.

Preliminary to the convention an
executive meeting was held Monday
afternoon during which routine mat-
ters and convention procedure were
discussed. At 8 o'clock Monday
night the board of directors held an
open meeting attended by a large
number of pre-convention arrivals at
which several matters of interest to
the trade were considered.

Only One Rezoning Petition Approved

Only one of a series of petitions
Monday afternoon received the sanc-
tion of the Atlanta planning commis-
sion and that was for rezoning from
apartment houses to business a strip
50 feet from the intersection of At-

property near the intersection of

A petition to change the zoning of
a tract near the intersection of Boul-
evard and Glenwood avenues was de-
ferred and petitions to rezone the
southwest corner of Euclid and Aus-
tin and the northeast corner of Geor-
gia avenue and Hill street were ad-
vised by action of the commission.

The commission recommended that
the street beginning at the south side
of Confederate avenue 200 feet west
from the west line of the Confederate
soldiers' home, and extending west
along the south side east of Confed-
erate avenue 50 feet, and extending
50 feet in width parallel with the
west line of the soldiers' home for a
distance of 354 feet be designated as
Deanevard avenue.

BEE BRAND EXECUTIVE ATTENDS CONVENTION

C. P. McCormick Reports
Strong Preference for
Quality Products.

C. P. McCormick, vice president of
McCormick & Company, of Balti-
more, Md., manufacturers of Bee
Brand products, is in Atlanta at-
tending the national convention of
the Wholesale Grocers' Association.

The company has been operating
for 40 years and each year has shown
a substantial growth, according to
Mr. McCormick. It manufactures
Bee Brand spices, flavoring extracts,
essences, Bouquet tea and McCor-
mick's mustards, being rated as the
largest sellers of package spices and
insect powder in the world, as well
as marketing the leading American
tea. Its plants have a daily capacity
of 250,000 packages of spices alone.
Branches of the company are main-
tained in New York, Philadelphia,
Pittsburgh, Memphis, Indianapolis,
San Francisco, and Houston. The
main plant at Baltimore occupies
12 1/2 acres.

Mr. McCormick reports that qual-
ity products are coming more into
demand all the time, and that the
company is looking for a banner year
in 1930. Factory officials were high-
ly pleased with the results that had
been attained in the Atlanta terri-
tory. Mr. McCormick said, and are
expecting a substantial increase this
year.

Included in the territory served
from Atlanta are all of the state of
Georgia and part of Alabama. In
charge of H. H. Morrisette. In ad-
dition to Messrs. McCormick and
Morrisette, the company is represent-
ed at the convention by S. W. Clay-
ton, C. L. Caldwell, H. C. Dill, W.
A. Daugherty, general field manager,
and E. J. Barnhart, of Cecil, War-
wick & Cecil, advertising agency.

The great increase in tea consump-
tion in America is largely responsi-
ble for the company's expansion in
business during recent years. Mr. Mc-
Cormick says. Ten years ago the per
capita consumption of tea in America
was one-quarter pound, and it has
now increased to one and one-quarter
pounds, he explained. In compari-
son with England, the consumption
here, however, is considered small,
as in that country figures show the
per capita consumption to be 12
pounds.

Mr. McCormick also reported that
the pump guns developed by the com-
pany for Bee Brands had greatly in-
creased the consumption of insect
powder in this section of the coun-
try. By this method, Mr. McCormick
explained, the use of the powder was
more effective, as well as being
easier and quicker. The use of the
Bee Imp in advertising the Bee
Brand insect powder, he said, was
proving very popular.

Could I arrange for an invest-
ment program that would
finance retirement from busi-
ness in 20 years? Do you have
any suggestions to offer?

By saving regularly each month for
a number of years, a retirement fund
can be established that will enable
anyone with regular employment to
build an income that will finance an
old age of independence and comfort
in later years. For instance, \$40.00
saved each month and invested in
Southern Natural Gas Corporation
Preferred Shares will be \$20,734.00
in twenty years. During this period,
\$9,600.00 would be the amount actual-
ly paid in, while \$11,134.00 repre-
sents the interest that would be earned
at 7% and paid into the account over
a twenty-year period. This figure
may be doubled or trebled, according
to circumstances, by increasing the
number of payments in proportion to
the amount desired. For any infor-
mation concerning our \$7.00 Preferred
Shares, communicate with us. South-
ern Natural Gas Corporation, Rhodes-
Haverty Building, Atlanta, Georgia.

Quick Pile Relief

No Salves or Cutting

Pile sufferers can only get quick,
safe and lasting relief by removing
the cause—bad blood circulation in
the lower bowel. Cutting and salves
can't do this—an internal remedy
must be used. HEM-ROID, the pre-
scription of Dr. J. S. Leonhardt, suc-
ceeds, because it removes this blood
congestion and strengthens the af-
fected parts.

HEM-ROID tablets as sold by
druggists everywhere have such a
wonderful record for quick and last-
ing relief, that Jacobs' Pharmacy al-
ways sells them with guarantee of
money back if they do not end all
Pile suffering.—(adv.)

The fact that the hall is now

should be made accessible to the

public, especially to writers of state

history, biography, romance and

HINES ON THE SCHOOLS.

A communication to The Con-

stitution, from a person evidently

related to the school system and

unfamiliar with the constitution of

the state, criticizes Justice Hines,

of the supreme court, for advocat-

ing the restriction of the public

education system to the delineation

set out for it in the constitution.

The correspondent is neither cor-

rect nor polite in his argument that

Justice Hines is a "mossback" and

that it is the duty of the state to

give the children of Georgia "as

full an education as is given to its

children by any other state of the

Union."

However, Justice Hines was fully

warranted in contending for a pre-

cise compliance with the mandate

of the state constitution. That doc-

ument says in Article 8, Section 1:

"There shall be a thorough system

of common schools for the education

of the children, as nearly uniform as

practicable, the expense of which shall

be provided for by taxation, or other-

wise."

The character of the "thorough

system of common schools" is de-

fined in Article VII, section 1, para-

graph 1, which says:

"The powers of taxation over the

whole state shall be exercised by the

general assembly for the following

purposes only: . . . For educational

purposes, in instructing children in

the elementary branches of an En-

glish education only."

And in Article 8, section 5, of the

original constitution and as the

section still stands, it is provided that—

"Nothing contained in section first

of this article shall be construed to

deprive schools in this state, not com-

mon schools, from participation in

the educational fund of the state, as

to all pupils therein taught in the

elementary branches of an English

education ONLY."

As plain as a pikestaff to every

informed constitutional lawyer

that the common school system of

the state is by the express terms

of the constitution limited to

schools for instructing children in

the elementary branches of an En-

glish education ONLY."

WOMEN GIVEN RIGHTS BY PRESBYTERIANS

PHILADELPHIA, May 12.—(P)—Women have won equal voice with men in the government of the Presbyterian church in the United States of America.

Announcement was made at the offices of the Presbyterian general assembly today that the overture permitting women to be elected ruling elders has been approved by a majority of the 233 Presbyteries in the denomination. The vote up to today was 151 in favor of the overture and 114 against, a majority of 147 to adopt was required.

The overture will allow women to sit as members of congregational sessions of local churches and as members of Presbyteries, synods and the general assembly.

The overture to permit women to become ordained ministers was defeated, according to a recent announcement. Another overture that would allow women to become licensed evangelists was said to be in doubt.

Briton Offers Aid To French, Italians

GENEVA, May 12.—(P)—Arthur Henderson, British minister, tonight offered his good offices to Foreign Minister Briand, of France, and Dino Grandi, Italy's foreign minister, for a solution of the Franco-Italian naval deadlock.

Mr. Henderson made the announcement of his offer in a newspaper interview.

Mr. Henderson expressed the belief that the ministers had received his offer favorably.

The British diplomat said conversations seeking solution of the Franco-Italian problem would be resumed during the league council sessions this week at Geneva.

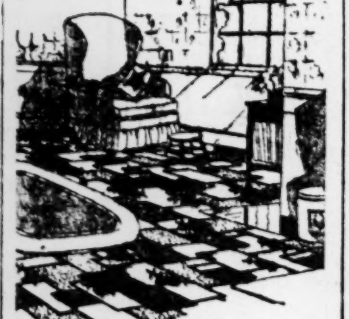

"To bring to a satisfactory end the French and Italian deadlock," Mr. Henderson said, "is the big task left over from the London naval conference."

He announced that his government's best efforts would be offered to seek a harmonious settlement.

3,000 Atlanta Mothers Have Great Time As Constitution's Guests at Paramount

A group of the more than 3,000 Atlanta mothers over 40 who attended The Constitution's Mother's Day party at the Paramount Monday afternoon. Every performance saw a packed house and the mothers were liberal in their praise of the picture showing this week.

The Constitution's Mother's Day party, which began at 11 o'clock Monday at the Paramount and continued until 8 o'clock, was a huge success, in the unanimous opinion of the more than 3,000 Atlanta mothers over 40 who attended. They expressed delight at the program Manager Bob Hicks had arranged.

In addition to another "top-notch" picture, called "Ladies Love Brutes," and in which George Bancroft was the principal star, the Paramount had a comedy which was generally de-

scribed as a scream. It was entitled "Actions Speak Louder Than Words" and, briefly, depicted the kind of reception the subconscious gives to unwanted company while, at the same time, the conscious is engaged in prolific law-towing.

At the first performance Monday Gladys Lyle, "The Tiny Tot at the Big Worrier," proved to be the musical hit that the Paramount-impressed with her previous successes—expected her to be with Atlanta audiences. She will perform at the Paramount's console in the future.

Judge Parker Calls On President Hoover

WASHINGTON, May 12.—(P)—Judge John J. Parker, of North Carolina, called at the White House today and left smiling.

Rejected by the senate by the narrowest of margins as a supreme court justice, Judge Parker visited the executive mansion to express his appreciation to President Hoover for his nomination.

Good humored and genial as he left, he nevertheless declined to pose for photographers and would not discuss the struggle that ended in his rejection.

Dry Agents Compel Police Head to Quit

COFFEYVILLE, Kan., May 12.—(P)—B. S. Hackney, chief of police, two members of his department and Deputy Sheriff William P. Davidson filed their resignations today after being confronted by federal prohibition agents with charges that local officers had been accepting protection money from a bootlegger.

James O. Galton, night captain of police, and Bert Ziegenfuss, a patrolman, resigned with Chief Hackney. The federal agents alleged they had assembled evidence connecting Hackney and Davidson with taking money from Clarence Reed, negro bootlegger, on a "fifty-fifty" basis.

COMPROMISE SOUGHT IN BATTLE ON TARIFF

Little Headway Made To-
ward Agreement on Flexi-
ble Clause.

WASHINGTON, May 12.—(P)—Republican efforts to save the tariff bill by working out a compromise flexible provision continued today, but no definite proposition came out of the many conferences held on both sides of the capitol.

The conferees will meet late tomorrow for the first time since Saturday when they broke up in disagreement over procedure. The house conferees then insisted that the senate group seek permission from the senate to work out an adjustment of the flexible controversy free of any ties binding them to the senate provision withdrawing presidential rate-changing power.

The house itself has voted down the senate amendment and in this it is supported by President Hoover. To avoid a possible senate vote insisting on the senate's original modified flexible clause and endangering the final passage of the bill, republican leaders are hopeful that a satisfactory compromise can be agreed upon in conference and approved by both houses.

With this dispute settled, the majority chieftains say the remainder of the provisions in controversy can be disposed of with little difficulty. Coincident with the conferees today Senator Watson, of Indiana, the republican leader, issued a statement through the republican national committee, asserting "new evidence of the duplicity of many of the senate democrats on tariff matters is furnished by the record of the printed amendments to the pending tariff bill offered by the minority."

These totaled 270, Watson added, or

nearly twice as many as emanated from the republican protectionists. "Having obtained most of the rates which they sought," he said, "many of these same democrats assumed an attitude of piety which ill became them and condemned the bill in its entirety, apparently under the delusion that the country was unacquainted with their own protection efforts."

Declaring the "democratic propaganda bureau sought to excuse" minority votes for higher levies on the ground they were in the interest of the farmer, Senator Watson cited democratic efforts to raise duties on lead, chrome and manganese ore, graphite, phosphate rock, umbrellas, plaster rock, gypsum, firecrackers, works of art, sponge rubber flooring, statues of gypsum, carbon dioxide, bottles, sponges, china clay, cotton bagging, creosote oil, wood bark, and leather board.

"Give and take is the policy of protection," he continued. "He who has taken is estopped from swatting other takers."

Board Will Discuss School Budget Today

Faced with the problem of adopting a budget for operation and maintenance of the Atlanta public school system for the remainder of this year, the education board this afternoon will devote virtually the entire session to an effort to approve some kind of a finance sheet, it was announced Monday.

On the basis of available funds, the schools can operate until November 3 and at that time must have additional funds or the schools must be closed for the remainder of the year. The board adopted a budget tentatively at a special meeting held last month, but it was never sent to Mayor I. N. Ragsdale for his approval.

Predictions Monday were that Mr. Ragsdale will not approve any budget providing for closing of schools for any period prior to the regular Christmas vacations.

Missing Macon Girl Found At Aunt's Home in Atlanta

RETURNS HOME CLAD IN BOYS' SUIT

The mysterious disappearance of Sara Vandyke, 17-year-old daughter of Mrs. O. P. Vandyke, of Macon, who was missed from her home there shortly after she had gone to the front porch of her home to get the morning paper, early Monday, was solved in Atlanta later in the day when dressed in boy's clothes she appeared at the home of an aunt here. She was returned to her home in Macon early this morning.

According to advices from Macon, the girl had gone to the front porch, attired only in her night clothing and was not seen again by friends until she reached Atlanta. The night clothing was found folded neatly on a chair near the front door, by her twin sister, Rhoda. Then a frantic search was launched.

Later in the day the girl's mother received a telephone call from Atlanta stating that Sara was at the home of her aunt, Mrs. Fanny Mize, who resides with her son, Benjamin Mize, on Walker street. The call was traced to a pay station here, near the Mize home which has no telephone.

Monday night, Dr. F. C. Davis, of Macon, uncle of the girl came to Atlanta and carried her home. As Atlanta police had been enlisted in the search, they questioned the girl at headquarters before she was returned to Macon in her uncle's custody.

To them she told a story of being abducted from her front porch by two strange white men who threw a handkerchief over her face and gagged her. They put her out at Hapeville, she stated. However Dr. Davis said that she had caught a ride with motorists to Barnesville and then other lifts to Atlanta. He stated that the motorists who had given her a lift to Barnesville, grew suspicious of her story that she was on her way to visit relatives in Atlanta and noti-

fied Macon authorities by telephone from Barnesville. The girl is a student of Girls' High school in Macon, and she is said to have slipped a boy's suit out of her home the night before she disappeared.

New Suicide Attempt Is Charged to Nurse

A woman said by attaches to be Miss Leah Thompson, 25-year-old trained nurse of St. Louis, was brought to Grady hospital shortly after midnight this morning suffering from a dose of poison thought to have been taken in an effort to end her life. This was her second trip to that institution for poisoning, as she was taken there from a local hotel on February 20, according to attaches.

This morning she was brought to the hospital from 63 Baker street, N. W., and on being admitted for treatment refused to talk. Attaches remembered her, however, and her name was placed on the chart as Leah Thompson, of Vesta avenue, St. Louis. Her condition was not serious, they stated. Miss Thompson took poison in a local hotel in February and wrote notes on her emotions and poetry while the radio played and she waited death that was frustrated by an attendant finding her after she had fallen unconscious across her bed.

FREDERICTON, NEW BRUNSWICK.—A. E. McLaurin, superintendent of the live stock division of the department of agriculture, states that in an effort to improve sheep raising in New Brunswick the department has adopted a system of ram grading and inspection of pure bred rams.

These smart springtime floors

promise

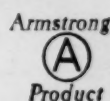

**PLENTY of TIME
for PLEASURE**

THAT doesn't mean you won't ever have to clean them. No floor is so perfect... But it is true that a fashionable floor of Armstrong's Linoleum can take pretty good care of itself when careless feet track in mountains of mud, when little fingers spill the milk, or the gravy, or even a whole bottle of the blackest ink.

Such little accidents leave no trace on the spot-proof, stain-proof Accolac-Processed surface. A damp cloth, and presto! your Armstrong Floor is spick-and-span again.

Then think of the joy of a floor without a single lodging-place for dust and dirt. Just a smooth, gleaming surface that you keep smooth and gleaming with a quick daily dusting, an occasional light waxing and polishing. Why, even in kitchens, baths, and halls, where floors may need washing now and then, all you need do to retain the smart new look is to touch up the surface once or twice a year with Armstrong's Linoleum Lacquer. (Our laboratory experts caution us not to lacquer over wax.)

But let's not forget that above all these new Armstrong Floors lend refreshing style and fashion to well-dressed rooms. Just see for yourself at local linoleum, department, or furniture stores.

Early Probe of Illinois Primary Cost Is Promised

Senate Committee Expects To Investigate McCormick's Expenses in Chicago in Near Future.

WASHINGTON, May 12.—(AP)—On the basis of new information from Illinois, the senate campaign funds investigating committee decided today to begin hearings in that state as soon as possible on the cost of the recent primary in which Mrs. Ruth Hanna McCormick defeated Senator Deneen for the republican senatorial nomination.

"It is fair to say," Chairman Nye, of the committee, reported upon his return from Chicago, "that there is in-

formation such as to indicate that much more was spent in behalf of the candidates than was accounted for in their individual statements to the committee."

Beyond that Senator Nye did not go but he was cloistered with the committee for more than an hour before the decision for immediate hearings in Illinois was reached. The committee will go there as soon as the legislative session permits, possibly this week.

The Pennsylvania primary race between Senator Grundy and Secretary Davis for the republican nomination also received some attention at today's session but it appeared unlikely tonight that the committee would get into that state before the primary on May 20.

Anxious About Chicago.
In its Illinois study the committee wants to find out more about the McCormick campaign expenditures in Cook county, in which Chicago, with about half of the voters in the state, is located.

Mrs. McCormick reported to the committee that she spent \$252,000 of her own money in her race against Senator Deneen. The itemized account of these expenditures showed only about \$7,000 was spent in Cook county—for headquarters there.

The senate investigators plan to make some inquiry as to how much was spent in Chicago for the McCormick campaign and who spent it. Mrs. McCormick today made public a telegram to Thomas F. Donovan, chairman of the democratic state central committee of Illinois, suggesting that he and other members of the democratic committee submit any charges or information they have on campaign expenditures to the senate investigating committee.

"I am greatly pleased by your frank acknowledgement in telegram of May 8 that you and members of the democratic state central committee have no evidence to support exaggerated reports of my expenditures in recent primary campaign," said Mrs. McCormick's telegram.

No Delay.
Nye said after the committee meet-

ing that "the information from Illinois is such as to convince the committee that we must not delay early hearings."

Newton Jenkins, another of the republican senatorial candidates, who received about one-fourth as many votes as Mrs. McCormick, reported today to the committee that he had spent \$5,303.75 in his race.

Nye said that so far as Pennsylvania is concerned there is no definite information but "the reports from that state are not making conditions look any better."

Webster Drew, who also is in the Pennsylvania republican senatorial campaign, today reported to the committee that he had spent \$432 to date. He issued a statement saying he had come to Washington to make "serious charges" against both Grundy and Davis.

BAPTISTS LAY PLANS FOR FISCAL HARMONY

NEW ORLEANS, May 12.—(AP)—In committee sessions here today incident to the formal opening Wednesday of the Southern Baptist convention, officials laid plans for the dawning of a better day for the financial program of the denomination's work and predicted that this session would experience no big fights such as the dominant issues of reorganizing the home mission board and abolition of the education board that characterized the past two annual sessions.

Considerable debate, however, is expected on the proposal of Dr. A. J. Barton, of Atlanta, to memorialize the Northern Baptist convention to pursue no further the plan looking toward a merger of the Northern Baptists with the Disciples of America and the new service annuity plan offered by the relief and annuity board.

The convention will elect a new president this year, as Dr. George W. Truett, of Dallas, Texas, announced that he would not permit his name to be placed in nomination to succeed himself. The two whose names are mentioned prominently for the presidency are Dr. M. E. Dodd, pastor of the First Baptist church at Shreveport, La., and Dr. John E. White, pastor of the First Baptist church, Savannah, Ga.

The election, scheduled as the first business on Wednesday morning's program, may find other names placed in nomination.

Advance delegates are looking for the two recording secretaries, Dr. Hight C. Moore, Nashville, Tenn., and J. Henry Burnett, of Macon, Ga., to be re-elected by acclamation. Hundreds of Baptists arrived today encouraged by a Christmas gift of \$500,000 from John D. Rockefeller, Sr., to the relief and annuity board at Dallas and a recent \$400,000 donation to the endowment fund of the Baylor University, Waco, Texas, by Mr. and Mrs. John G. Hardin, of Burkburnette, Texas, leading to an awakening in added support for the work of the denomination.

The Woman's Missionary Union held their formal opening session tonight with Mrs. W. J. Cox, of Memphis, president, presiding, and outlined their program for missions and the endowment of a chair of missions in the Baptist Bible Institute at New Orleans.

Agreement Seen In 'Thrower' Site Purchase Price
Confidence that the owners of the "Thrower" site, selected for the new Atlanta postoffice, will be able to meet the offer of the government and that an announcement will be made today or Wednesday was expressed Monday following a continuation of the conference which have featured the owners' effort to lower the price.

No figures were named, but from a reliable source it was reported that the owners are now within a few thousand dollars of the government's figure. Saturday, it was said that the owner's price was near \$905,000, while the offer of the government was quoted at \$880,000.

The selection of the Thrower site, fronting on Spring, Forsyth and Hunter streets, was announced last week by the inter-departmental committee on public buildings in Washington. At the time it was said that the site had not been purchased.

Developments since then have been confined to efforts of the owners to lower their price to the offer of the government.

Owners interested in the transaction are: P. D. Yates, H. H. Dean, Jr., C. H. Johnson, the Breitenbucher estate, J. L. McCord, Annie M. Bateman, F. J. Pike, Emory University, M. L. Thrower and Mrs. T. J. Avery.

Hospitals of Country Praised by Hoover

WASHINGTON, May 12.—(AP)—Marking the observance of National Hospital Day, President Hoover said today that the alleviation of human suffering which the hospitals accomplish is a characteristic and noble expression of a spontaneous and universal impulse of the American people.

The text of the president's statement follows: "Recalling that May 12 is annually observed as National Hospital Day, I take a deep satisfaction in observing the steady growth of the hospitals of the country, not only in physical equipment and financial support but also in the ever-widening fields of service into which they are penetrating. The alleviation of human suffering which they accomplish is a characteristic and noble expression of a spontaneous and universal impulse of the American people, whose warm sympathies and active generosity they so usefully reflect."

Herbert Hoover, Jr., Wins Responsible Post

CHICAGO, May 12.—(AP)—Herbert Hoover, Jr., communications engineer for Western Air Express, today was elected president of the newly organized Aeronautical Radio, Inc., which in the future will direct the radio operations of America's air mail and passenger lines.

After his election, Mr. Hoover announced that headquarters of the new corporation will be in Washington, under the direction of Paul Goldsborough, former vice president of Universal Airlines, who was elected executive vice president of Aeronautical Radio. The corporation will begin active work within ten days, Mr. Hoover said.

Other officers and directors elected are: Thorpe Hiscok, of Boeing Transport, vice president, and H. C. Leuteritz, of Pan-American Airways, secretary and treasurer.

ATLANTA SPOT COTTON.

Atlanta spot cotton closed easy, 25 points down to 15.20.

NEW YORK, May 12.—(P)—

The feature in cotton today was a sharp reduction in the old crop premiums under selling of the near months and buying of later deliveries which was supposed to include liquidation of old straddle accounts. Near months seemed to be influenced by further increases in certificated stocks, while the later deliveries were bought on reports of excessive rain in the western belt. July sold off to 16.10 or 33 points under and closed at 16.15, while the new October contract advanced to 15.03 or 30 points net higher and closed at 15.00. The general market closed steady at net declines of 23 to 30 points on the old crop months, while later deliveries showed net advances of 17 to 39 points.

The opening was steady at unchanged prices to a decline of one point. There was some selling on the relatively easy showing of Liverpool and the market eased off after the initial buying orders, while later deliveries declined in new crop positions were checked by covering and a scattered local or commission house demand around 14.30 to 14.40. The new October contract and 14.45 for the new December.

Old crop positions, however, continued under more heavy buying and reached the lowest level of the day in the later trading when May sold at 15.90 or 26 points net lower. They closed a few points up from the lowest on covering. The new crop meanwhile advanced to 15.34 for the old October and 15.12 for the new December, making net gains of about 28 to 43 points, closing a few points under under realizing. Ending of old straddles between July and later months was reported on the features of the day's trading, and at the close July was only 11 points over the new October compared with a difference of 181 points at the close of Saturday.

Stocks of certificated cotton at designated delivery points as reported to the New York Cotton Exchange today amounted to 413,171 bales compared with 333,126 at the beginning of May, and some traders are talking a possible stock to 400,000 bales before the movement is over. Liverpool reported continental and Bombay buying had been supplied by realizing in that market and that sales of cotton yarn and cloths were below production. Exports today 8,138, making 6,373,872 so far this season. Port receipts 15,221. United States port stocks 1,645,103.

Junior League Jottings

BY MRS. REGINALD SCOTT FLEET, Editor

Mrs. Reginald Fleet, Editor.

The last meeting of the Junior League for the current year will be held on June 3d at the Piedmont Driving Club. The delightful custom of having the last meeting a luncheon which was inaugurated last year by Miss Margaret Nelson will be followed this year. Mrs. John Knox, the president of the league, will preside and install the officers for the coming year. After the luncheon an interesting entertainment will be presented. Mrs. Knox has made the following appointments for the meeting. Mrs. James Dunlap and Mrs. Edgar Dunlap, Jr., are the chairmen of the luncheon committee. Mrs. Alison Thornwell is the chairman of entertainment for the luncheon. Mrs. Oscar Davis is the chairman of the flower committee. Will all the members of the Junior League who will have flowers blooming at this time and who will contribute flowers for this occasion please communicate with M. J. Davis at Hemlock 0061.

The two Atlanta delegates to the

national conference, Mrs. Clark Howell, Jr., and Mrs. Robert Foreman, Jr., gave very interesting reports of their trip at the May meeting of the league. The "Jottings" quotes with pleasure their comments on some of the outstanding phases of the conference. Mrs. Howell has written of the question of future headquarters, the discussion of which took place at the open forum on the S. S. Paris.

"At the national conference the question of moving the national headquarters was discussed at length. The present headquarters are at the Barbizon. The space there has become inadequate due to the growth of the league and of the Magazine which has its offices in the national headquarters. It seems unwise to take more space in the Barbizon because the service is poor, the restaurant inferior and no floor is available next to the floors now occupied by the association.

"It was suggested that the A. J. L. A. buy space in a co-operative building and become part owners, but

this plan seemed fraught with financial dangers. Another plan was suggested and accepted, namely, to take two floors in the new Waldorf, now going up on Park avenue. The details of this plan were left to a committee to work out. Some of the advantages of this plan are that the Junior League members can now stay at the Waldorf with husbands and families at a Junior League rate which will be less than the regular Waldorf rate. They may enjoy the excellent cuisine and service for which the Waldorf is famous, and also the prestige of being associated with the Waldorf. There will be a number of rooms constantly reserved for the league with a guarantee of a number more always being available. The offices for the Magazine will be greatly enlarged which is extremely necessary. This plan involved no raise in dues."

Mrs. Foreman attended both the welfare meeting and the arts and interest meeting and has written some impressions.

"The most important proceedings of the conference were the ones dealing with welfare work all over the country. It is amazing what a great amount of good is being done by the leagues for children, their health, nutrition and prevention of disease; milk

stations, hospitals for cripples, well and sick baby clinics; also libraries for hospitals, canteens, work with the handicapped and the blind, occupational therapy and convalescent homes.

"Another major interest of the leagues is the branch of arts and interests. Nearly every league has such a committee which sponsors lectures, museum work, exhibitions, children's concerts, glee and garden clubs. The New York League gave us their program for this year which included Cornelia Otis Skinner, Lobogola, an African lecturer, a prohibition debate, a fashion show, a children's concert for grownups, a current events lecture, an exhibition of their own oil paintings, a lecture for parents about children and two lectures especially for their provisional members on their welfare work and their marionettes.

"Atlanta should be very proud of her League's prize list. Mrs. Preston Ste. us won second prize for her wall-paper design, our Henrietta Eggleston Memorial hospital poster won second prize in the welfare exhibit. Mrs. Winfrey Ramsey received honorable mention of her needlepoint bag; Mrs. Henry Tompkins also honorable mention for a picture of her garden, and last but not least, our 'Cinderella' Marionettes were among the honorable mentions."

Barnett, Ben Ragusale, Wilmer Davis, Lawton Stevens, of New Orleans, La., formerly of Atlanta, Epps Brown, Henry Morgan, Frank Boston.

BURGESS CHILDREN'S STORIES

BY THORNTON W. BURGESS.

Pray, don't mistake another's need. For what you're pleased to term as greed.

—Old Mother Nature.

Blarina the Shrew was angry. He was chattering with rage. Danny Meadow Mouse had escaped from him. He had rushed after Danny, but not far. You see, Danny was running so fast that Blarina knew that it was no use to follow him. But how he did chatter! You see, Blarina was hungry and when Danny Meadow Mouse had come along, Blarina had felt sure of a favorite dinner. So, great was his disappointment when Danny had escaped.

"Now I've got to find something else," said Blarina. He was talking

to himself in a very fine squeaky voice. "That Mouse would have made me just one good dinner. Yes, sir, it would have made me just one good meal."

Now, Danny Meadow Mouse is larger than Blarina, but Blarina was telling the truth. Had he succeeded in killing Danny, he would have eaten all of Danny excepting his skin and bones, for Blarina has one of the largest appetites in all the Great World. He thinks nothing of eating twice his own weight in less than a day. Just imagine that! So, with such a big appetite, Blarina has to keep on the move most of the time in order to find enough to eat.

"It is a good thing that I do not have to depend on just one kind of food," muttered Blarina as he pounced on an earthworm. "If I did, I guess I would go a lot hungrier than I am most of the time. This worm is good, but there isn't enough of him."

Swallowing the last of it, Blarina started on along a little runway of his own. He hadn't gone far when he came to a snail. It took only a moment or two to dispose of that snail; and once more Blarina was hurrying along his little runway. He came to a partly rotted old fence-post lying on the ground. Under the edge of this

he found three fat slugs and half a dozen sowbugs, all of which were eaten almost faster than I can tell it. A little bit later he discovered one of those great big earthworms called a Night Crawler. This was a prize. But when it was gone Blarina, instead of being satisfied, grumbled to himself because there wasn't another right at hand to be eaten.

Now, could you have watched Blarina as he hunted for his food, you would have thought that he must have remarkable good eyes. Nothing could be farther from the truth. Blarina's tiny eyes are hardly better than no eyes at all. He can tell light from dark, that is all. He knows when it is daylight and he knows when it is night; but so far as seeing things is concerned, his eyes are of no use whatever.

But don't be sorry for Blarina the Shrew. He doesn't need eyes. No, sir, he really has no use for eyes. You see, his ears and his nose and his whiskers make up for his lack of good eyes. Perhaps you didn't know that whiskers are really of some use in the world. Some are, anyway. Blarina's are. Those whiskers have a wonderful sense of touch. So, with his wonderful ears to catch the faintest of sounds and tell him what they are, his wonderful nose to catch the faintest of scents, and his wonderful whiskers to tell him just what he is touching, Blarina gets along very well indeed. He asks no favors of any one.

"A GIRL'S MOST ALLURING CHARM?"

Famous Screen Stars say: "Lovely Skin"

Nothing attracts people as irresistibly as skin that is utterly soft and smooth. This is a secret every screen star knows. For without it... say 45 Hollywood directors... no girl ever reaches stardom. The close-up demands skin that is breath-taking in its loveliness.

Like 9 out of 10 charming screen stars, vivacious Maria Alba, of Fox Films, guards her skin with Lux Toilet Soap. "Its close-up demands skin that is breath-taking in its loveliness."

Delightful Virginia Cherrill, of United Artists, also uses this white, delicately scented, fragrant soap. "The close-up magnifies everything so that we must have skin that is flawless."

Armida, piquant Warner Brothers' player, says: "I always use it."

This is the official soap in all the studio dressing rooms... Have you discovered Lux Toilet Soap? Luxury such as you have found only in fine French soaps at 50¢ and \$1.00 the cake... now 10¢.

Margaret Maddox and Marion Turpie Tied for Tourney Lead; Twelve American Women Survive in British Golf Meet; Polvoght, New Catcher and Knight To Join Crackers Today

MISS MADDOX, MARION TURPIE TIED FOR LEAD

Two Low Scorers Bag 79 To Lead Tourney at Sedgemoor.

By Eddie Brietz.
Associated Press Staff Writer.
GREENSBORO, N. C., May 12.—(AP)—A champion and a former champion staged a double-barreled assault on the tourney today to lead a field of 120 sharpshooters in the qualifying round of the southern women's golf tournament.

Miss Margaret Maddox, of Atlanta, the defending titleholder, and Mrs. Marion Turpie Lake, of New Orleans and New York, who won the championship in 1928, each turned in a sparkling 79 over the snappy Valley Brook course to tie for the medal and make a play-off necessary later in the week.

PAR SHATTERED.
Both Miss Maddox and Mrs. Lake, who looms as the most serious contender to the throne, slashed five strokes off women's par. They were the first to finish their rounds today and the mark they hung up for the rest of the field to shoot at successfully without the assaults of such stellar performers as Mrs. Dave Gault, of Memphis, another former titleholder; Mrs. Leon Solomon, also of Memphis, the big surprise of the tournament, who shot a 78; and Mrs. Clara Woodruff, of Little Rock, who came to Sedgemoor fresh from winning the Arkansas state championship.

Mrs. Solomon, a newcomer in southern tournament circles, hopped into the spotlight immediately upon her arrival here yesterday by proceeding to lower the women's course record on her first journey around the rugged championship course.

SHOOT 77.
She cruised around the 18-hole layout in 77 strokes, one under the former record of 78 turned in a year ago by Glenna Collett, the American woman champion.

Just to prove that this sensational performance was no flash in the pan, Mrs. Solomon checked in today with an 83, one under woman's par, to clinch third place in the qualifying round.

Two strokes behind her came another Memphis entry, the veteran Mrs. Gault, whose 85 gave her undisputed possession of fourth honors.

Both Mrs. Lake and Miss Maddox rounded the turn two under par today and they shared off three more strokes on the homeward journey. The cards showed 40 each for the first nine and 39 for the last.

PAR AND CARDS.
Women's par for the Valley Brook course is:
In 18 holes, 353 555 445-42
Out 353 555 445-42-84
Miss Maddox's card:
In 18 holes, 453 454 364-39
Out 453 454 364-39-79
Mrs. Lake's card:
In 18 holes, 453 454 364-39
Out 453 454 364-39-79

Match play in all flights will begin with today's 32 low scorers comprising the championship flight. The tournament runs through Saturday, when the finals will be played over the 36-hole route.

As a rule, today's scores were high, everything up to 104 making the charmed circle.

Today's leaders were:
Mrs. Margaret Maddox, Atlanta, 40-39-79.
Mrs. Marion Turpie Lake, New Orleans, 40-39-79.
Mrs. Leon Solomon, Memphis, 39-44-83.
Mrs. Dave Gault, Memphis, 43-42-85.
Miss Anne Kennedy, Tulsa, Okla., 44-43-87.
Miss Deane Van Landingham, Charlotte, N. C., 44-43-87.
Mrs. Harry Dodge, Jacksonville, Fla., 45-44-87.
Mrs. W. D. Irwin, Greensboro, N. C., 46-44-90.
Miss Helen Watkins, Pinehurst, N. C., 45-43-90.
Mrs. W. F. Willard, Charlotte, N. C., 45-43-90.
Mrs. W. F. Deuchle, Winston-Salem, N. C., 45-44-90.
Miss Clara Woodruff, Little Rock, Ark., 45-44-90.
Mrs. C. C. Collins, New Orleans, 44-43-87.
Mrs. Kennan Rodwell, Savannah, Ga., 47-45-92.
Mrs. Carl Leibold, Birmingham, 46-46-92.
Mrs. K. J. Brown, Durham, N. C., 44-45-89.
Mrs. W. L. Pierce, Charlotte, N. C., 44-45-89.
Mrs. Marshall Crichton, Durham, N. C., 47-47-94.
Mrs. Barham Jones, Norfolk, Va., 45-50-95.

Mrs. Gault Named Golf President.
GREENSBORO, N. C., May 12.—(AP)—The Southern Women's Golf Association held today elected Mrs. David C. Gault, of Memphis, president; Mrs. Barham Jones, of Norfolk, vice president; and Mrs. Willard Sullivan, also of Norfolk, secretary and treasurer.

The association also voted to hold the 1931 tournament at the Princess Anne Country Club, Norfolk, Va. The date will be decided later.

A decision was reached to extend the boundary lines of the association, and to invite golf clubs of Maryland and West Virginia to become members of the southern association.

Poland Eliminated By English Stars
TORQUAY, England, May 12.—(UN)—England today eliminated Poland from European zone Davis cup competition, three matches to one, and qualified to meet the winner of the Ireland-Australia competition in the third round.

Nigel Sharpe, of Great Britain, defeated Max Selarow, 6-3, 6-4, 6-1, in the singles and J. Colin Gregory and Ian G. Collins beat Ignacy Tosiński and Przemyslaw Wozniak, of Poland, in the doubles, 6-0, 6-0, 6-0. England had previously won a singles match, played Saturday.

Basketball Costs.
Basketball, a paying sport at many schools, lost \$5,565 in a season at Princeton.

What to wear to the Kentucky Derby suddenly has become a matter of grave importance. I see where officials of the Kentucky Jockey Club have telegraphed the secretary of Lord Derby, seventeenth Earl of Stanley, for information on what His Ludship will wear at the Downs.

The Kentuckians do not want to be conspicuous by wearing their usual somber suits and slouch hats when His Ludship is dressed in whatever the British formal dress for Derby Day may happen to be.

Or possibly they do not want the earl to be conspicuous—maybe the Kentuckians do not want to be outshone by their distinguished guest. You never can fathom the workings of some minds.

THERE'S A REASON.
A private box, or kiosk, similar to the judge's stand, has been built for Lord Derby. There he will watch the race surrounded by his American host, Mr. Joseph E. Widener, and Colonel Matt Winn, Mr. Daniel E. O'Sullivan, Senator Johnson N. Camden and sundry other Kentucky racing officials.

One readily can see that if Lord Derby wore, say, full evening dress with a white satin-lined cape-coat, he would feel embarrassed among the above group of gentlemen who would be wearing blue or light grey business suits, depending on the state of the weather, and slouch or straw hats likewise.

Furthermore His Ludship would attract the sparkling eyes of all the fair ladies about the lawn. All in all it would be a most awkward situation and might even spoil the Derby completely for the home dignitaries who are used to bowing low in the spotlight.

So until word is received from the secretary to His Lordship the Kentuckians will wait in painful suspense.

FASHION NOTES.
The emergency developed when it was reported through a fashion article that His Lordship would wear what well-dressed Britons always wear to their own Derby. This is variously reported to be formal afternoon dress, riding breeches and red coat, Scottish tweeds and briar pipe, and blue serge with fancy weskit.

Now for the past three years, the most sensible dress for Derby Day has been raincoat and rubber boots.

Folks, however, have worn everything EXCEPT formal afternoon attire. The Derby Day crowd always has presented a composite of Broadway, Michigan Boulevard, Peachtree, Palm Beach and Lebanon Junction. Only the assistant starters who labor on the track trying to get the horses lined up at the barrier ever have sense enough to wear raincoat and boots.

So until the report comes from the secretary to Lord Derby, your correspondent cannot give any advice on what to wear. Those going up Thursday night with Jess Draper, however, have plenty of time to get the full report and pack the Gladstones accordingly.

LEARN "DARBY."
The main thing to do probably is to get used to saying "Darby." That seems to be the big idea now. The earl says that is the way to pronounce it.

Hitherto anyone in Kentucky who called it "Darby" was instantly discerned to be from Alabama, Nebraska or Maine and was engaged in making his first visit and a heavy impression.

Kentuckians always have called it "Duh-by." I'll gamble they are sitting up nights practicing the word "Darby." They are nothing if not polite up that way.

TWO NO-HIT GAMES IN ONE.
Meanwhile a vastly more interesting item comes to us from Hiram, Ga., where one of Julian Harris' nimble correspondents dug up the greatest baseball game of all time.

Here is the story, told tersely and simply:
HIRAM, Ga.—Moon for Hiram High school and Roberson for Marietta High pitched no-hit games here. Neither team made a hit in nine innings but Hiram won 2 to 0 on an error and a wild throw.

If that does not take the cover off the book, I'll give up. Roberson, the losing pitcher, can spend the rest of his life groaning. It is the first example of two no-hit performances in the same game that has ever come across this desk.

WANER REGAINS PREP NET MEET BIG SIX LEAD IN FIRST ROUND

Paul Waner, the Pirates' slugging outfielder, was idle yesterday but bounced back into the leadership of the Big Six, which has taken on a seventh member temporarily. While Waner's average remained stationary at .434, Babe Herman, of the Robins, and Bill Terry, of the Giants, who jumped into the lead yesterday, dropped back a notch. Herman fell into a tie with Sam Rice, of the Red Sox, while the best Terry could do in the Giant-Cubs slugfest at Chicago was one hit in six trips to the plate.

Babe Ruth went hitless in his two official times at bat but managed to get on base for the fifteenth consecutive time before being fanned by Page, Detroit hurler. Al Simmons connected once in his four trips to the plate while Roger Hornsby was idle.

THE STANDING.
P. Waner, Pirates 22 85 18 .36 .434
Babe Herman, Robins 22 85 27 .38 .432
Bill Terry, Giants 23 85 24 .41 .432
Sam Rice, Red Sox 21 85 28 .429
Terry, Giants 21 85 28 .429
Simmons, Athletics 21 87 21 .31 .386
Hornsby, Cubs 16 45 4 10 .213

12 AMERICANS SURVIVE PLAY INFORMBY MEET

Miss Collett Leads Her U. S. Aces Through First Round.

By Frank H. King.
Associated Press Staff Writer.
FORMBY, England, May 12.—An even dozen American women golfers, including the so-called "Big Four," Glenna Collett, Helen Hicks, Maureen O'neill and Virginia Van Wie, today survived the tremendous first day of the British women's championship.

The day's events halved the record field of 179 starters and tomorrow the list will be cut to 32.

IDEAL WEATHER.
In almost ideal weather conditions for this windy Lancashire coast the pairs trailed over the big links and through the forest of firs skirting the Irish sea.

The flags on the pins stood stiffly out in an inshore wind which grew in strength to 25 miles an hour until it calmed later in the day.

The 12 Americans winning today included: Misses Collett, Hicks, O'neill, Van Wie, Mrs. O. S. Hill, Miss Louise Fordyce, Miss Fritzi Stifel, Miss Peggy Wattles, Miss Edith Quier, Mrs. E. F. Lenihan, Mrs. Leo Federman, Mrs. Stewart Hanley.

Nine were defeated. Miss Bernice Wall, Miss Josephine Bender, Miss Marion Bennett, Mrs. H. A. Martelle, Mrs. E. A. Ross, Mrs. J. J. Morris, Miss Rosalie Knapp, Mrs. Lee Mida and Miss Virginia Holdeber.

GLENNA BEST.
Miss Collett, the champion of the United States, played the best golf contributed by the Americans, although her opposition from Miss Kitty Beard, who last week won the Dorsetshire championship, was negligible.

Miss Collett won without losing a hole and throughout had her ball under control both from woods and irons and while on the green she displayed a deft putting touch.

One of England's chief hopes, Miss Enid Wilson, won by the same margin established by Miss Collett, 8 and 6 play, and her score of 36 for the first nine holes was the best of the day. The American titleholder's score for the outward journey was 37, the final score being 73.

Miss Gourlay, English native champion, for the same distance. If Miss Collett and Gourlay escape tomorrow's pitiless winds they will meet Wednesday morning.

STERN BATTLE.
Miss Gourlay's match was one of three stern battles during the day, the others being the victory of Miss Helen Hicks over Miss Doris Chambers and the defeat of Mrs. Lee Mida by Mrs. Lenihan.

Miss Gourlay's unexpected strength from Miss Anne Mellor, of Denton, known as the "four club queen" of her golf club, because she carries only five clubs in her bag and rarely uses any of them. Her golfing armor consists of a driver, spoon, mallet, niblick and putter.

She seemed to have made it today she wielded the others so efficiently she stuck close to the English champion until the turn and then dropped the three holes.

Miss Hicks and Mrs. Mida showed fine fighting spirit. Miss Hicks to win from one of Britain's leading players, Miss Doris Chambers, 3 and 1, after being 3 down, and Mrs. Mida to launch an equally brave but vain comeback to square the match at the 12th, only to lose at the extra hole to Miss Milla.

HELEN HAS POWER.
Miss Hicks had power to conquer the Formby fairways but lacked control of her heavy artillery. Until after the turn Miss Chambers never gave her a chance and the American was 2 down at the 9th hole.

Miss O'neill continued the fine game she has displayed since she landed in England and won easily, while Miss Van Wie met a very weak opponent.

The first chance for a meeting between Americans will come tomorrow afternoon in the third round when Misses Collett and Hicks will oppose each other if they are successful in their second round matches. The play of the Americans today resulted:

Miss Helen Hicks, New York, defeated Miss Doris Chambers, up and 1 to play.
Mrs. O. S. Hill, Kansas City, defeated Miss Louise Fordyce, 7 and 5.
Miss Marion Bennett, Huntington, Ohio, defeated Mrs. A. C. W. Medington, 5 and 3.
Miss Edith Quier, Wheeling, W. Va., defeated Miss Bill Holmer, 6 and 5.
Miss Peggy Wattles, Buffalo, defeated Miss M. C. Taylor, 7 and 5.
Miss Maureen O'neill, Englewood, N. J., defeated Mrs. E. F. Lenihan, Cal., defeated Miss K. Shippert, 7 and 6.
Miss Glenna Collett, New York, defeated Miss Kitty Beard, 8 and 6.
Mrs. Leo Federman, New York, defeated Mrs. Douglas Grant, 7 and 5.
Miss Virginia Van Wie, Chicago, defeated Mrs. C. E. Taylor, 7 and 5.
Miss Stewart Hanley, Detroit, defeated Miss V. Brannan, 4 and 2.
Miss Helen Hicks, defeated Miss Bernice Wall, Oshkosh, Wis., 3 and 2.
Miss Pulia Russell, Montgomery, defeated Miss Josephine Bender, Grand Rapids, Mich., 7 and 5.
Miss Fritzi Stifel, defeated Miss Marion Bennett, New Britain, Conn., 2 and 1.
Miss Edith Quier, defeated Mrs. E. A. Ross, New York, 7 and 5.
Miss K. Gurnham, defeated Mrs. J. J. Morris, New York, 7 and 5.
Miss Barbara Miller, defeated Mrs. Lee Mida, Chicago, 1 up, 10 holes.
Miss Louise Fordyce, defeated Miss Virginia Holdeber, Baltimore, 6 and 4.
Pairings for tomorrow for the American players:

Miss Collett vs. Miss Mary Beard.
Miss O'neill vs. Mrs. Holm.
Miss Van Wie vs. Miss Margaret Jura.
Mrs. Federman vs. Miss Yolande Paradox.
Mrs. Hill vs. Mrs. A. C. Johnston.
Miss Quier vs. Mrs. C. C. Sturges-Wells.
Miss Wattles vs. Miss F. Lenihan.
Mrs. Lenihan vs. Miss Walter Paykel.
Mrs. Hanley vs. Miss Mida.

Miss Collett, Miss Van Wie, Mrs. Hanley and Mrs. Federman will play third round matches tomorrow, as they played in the second round today.

ALABAMA AFTER LEWIE HARDAGE
Dan McGugin Asked To Recommend Assistant for Coaching Job.

By Ralph McGill.
Your Uncle Dan McGugin, leading Nashville attorney and coach of the Commodore football team, is in hand the boys refer to as a very tough spot. Oh, very tough indeed.

Your Uncle Dan has been asked to recommend Lewie Hardage, his backfield coach across a span of 10 years, to the Alabama board of control for appointment as head coach at the Capstone to succeed Wallace Wade, who will go to Duke University in 1931.

It was Your Uncle Dan, who recommended that Wallace Wade be given the Alabama job he has recently resigned. Wade was assistant coach at Vanderbilt. He wanted a job as head coach, Alabama was offering the Commodore coach fabulous sums to join up down there. He wired that he couldn't leave Vanderbilt but would unconditionally endorse Wade.

Hardage has already been to Birmingham for a conference. He is, of course, anxious to advance in the coaching profession. It isn't that Lewie Hardage would rather be first in the coaching profession than second at Rome so much. But he has been an assistant now for 10 years and would like to try his hand at head-coaching.

Reports from Nashville say that the Birmingham alumni had said that all they want is a recommendation from McGugin and for Hardage to accept their terms.

If Hardage wants to do it your Uncle Dan will recommend him. He has Joe Neely at Alabama, Josh Cody at Clemson, Red Floyd at the Citadel, Red Sanders at Clemson, Ray Morrison at S. M. U., and various other coaches in lesser positions. The old gent has never yet stood in the way of one of his boys no matter how much it meant to him.

Hardage, a generalist credited with being largely instrumental in making backfield stars of Red Roundtree, Gil Reese, Neal Gargle, Bill Hendrix and Amos Leonard.

Hardage has also done some of the formation work which the Vanderbilt team has used in the past few seasons and is fully qualified to go ahead with a coaching job. Wade's system used at Alabama is not unfamiliar to Hardage and with Neely there he could start off without any unusual handicap.

Hardage played his last year of football in 1912 when he was captain and left halfback for Dan McGugin. He was all-Southern halfback for four years.

Friedman Loses.
BOSTON, May 12.—(AP)—Joe Monte, Brockton heavyweight, was awarded an unpopular decision over Al Friedman, Boston, in a fierce 10-round bout here tonight. Friedman weighed 183 and Monte 185.

PLANS OF CLUB ARE UNKNOWN; TWO MUST GO

Receiver and Hurler Face Dobbs' Knife for Newcomers.

Monday Game Lost; Two Carded Today

Rain, which fell heavily as the Crackers were starting their half of the first inning, continued to fall that same way for a half hour and the game was called off.

Cracker officials decided that a double header would be played today, which is Ladies' Day, because they were rained out last Friday. The double header will find Joe Kiefer pitching the first game.

By Ralph McGill.
Fred Polvoght, catcher from Bloomington, and Jack Knight, pitcher, who have been with the club for several days, are expected to join the club today as soon as room can be made for them.

Cracker officials were reticent Monday as to what their plans were. Dobbs must cut loose a catcher and one of the pitching staff to make room for the two new players. It is probable that Bill Barrett, second string receiver, will be suspended to make room for the new receiver. Selection of the pitcher who must be suspended will be more difficult.

301 BATTER.
Polvoght was in the Cotton States league last season, batting .301 with Monroe and having 58 assists. He is said to have a good arm and owns enough paprika to keep the game warmed up.

Polvoght had a trial with Minneapolis but they had two veteran catchers and disposed of him. The Crackers purchased him, Dobbs not being satisfied with his catching staff. It is thought that Polvoght will add more punch to the club.

Jack Knight, right handed pitcher from the Pacific Coast, who pitched a no-hit game there two years ago, is also to join the club if Dobbs finds it possible to make room for him. It is possible, however, that it will be a day or so before room can be made if deals now are to materialize.

KNIGHT WELCOMED.
Addition of Polvoght and Knight is expected to strengthen the Crackers who have been almost constantly swamped since the first week of the season. Dobbs has been working to break the losing streak. His search here of late has been for more power at the bat.

Waivers asked Saturday on Jim Battle will expire tomorrow. It is possible that he will be claimed at the waiver price of \$2,000. Battle is a valuable player and really has big league prospects.

Cliff Kincaid, Cracker catcher who has been suspended for some time, was placed on the eligible list Monday and promptly disposed of to Augusta in the Sally League. Knox was ill for the reason that he had been again and should have a good season.

ILL-FORTUNE.
Doc Prothro, Chickasaw manager, has been having some ill-fortune with his club. He left Pitcher Griffin in Memphis in a week ago with a broken finger. The doctor is throwing it is sore but improving. And Sammy Vicks is in Mississippi because of his wife's illness.

The Chickasaws lost some tough ones to New Orleans. Prothro's club went into a hitting slump and failed to get any runs for the pitchers with the result that the lead was cut down during the Pelican season.

Welzer and Beck will be used this afternoon in an effort to start a winning streak at the expense of the Crackers.

Vincent Richards And Cup Stars Play

PHILADELPHIA, May 12.—(AP)—The three members of the United States Davis cup team who worked out with Vincent Richards today in preparation for the zone matches this week with Canada, John Doe was the only one to come through with a victory. Doe won 7-5, 6-4 after a hard battle.

John Van Ryn and Wilmer Allison each divided two sets with Richards against Van Ryn. Richards won the first set 7-5 and lost the second 4-6. He also won the first set against Allison, 6-4, and lost the second, 3-6. Richards' volleying was superb and his ground game was greatly superior to that of his amateur days.

George M. Lott, the fourth member of the Davis cup team, who worked with Berkeley Bell, but no scores were kept.

McLarnin Sought For Jack Thompson

CHICAGO, May 12.—(AP)—Dick Dunn, general manager of the Olympia Sporting Club, Detroit, today said he has signed Young Jack Thompson, new world welterweight champion, to defend his title against any opponent selected by Olympia officials, in the same ring in which he defeated Jackie Field for the championship last Friday night.

Dunn said he was negotiating for Jimmy McLarnin, Vancouver, B. C., puncher, or Young Corbett III, Fresno, Cal., southpaw, as possible opponents for the negro. He did not, however, reveal terms offered, nor the proposed date for the bout.

Panthers Win.
CHARLESTON, S. C., May 12.—Atlanta Panthers defeated Charleston, 6 to 3, here this afternoon in the first of a three-game series.

Three Killed, 3 Wounded In Chicago Saloon Battle

State's Attorney Investigator Shot as Police Ambush Gunmen in Raid on Beer Flat.

CHICAGO, May 12.—(AP)—Three men were shot dead in a trap laid by police officers in a North Clark street beer flat early today.

The proprietor of the place, Jack Hayes, and two of the four gunmen who attempted to rob him, were the men killed. Joseph Altmeyer, special investigator for the state's attorney's office, was seriously wounded.

Altmeyer said that the two robbers who escaped also had been struck by bullets.

The beer flat is at 3228 North Clark street, just north of Belmont avenue. Altmeyer, who specializes in extortion cases for the state's attorney, was hidden in the flat with four other officers.

The robbers entered the place at 2:30 o'clock this morning, flourishing guns and demanding money. Hayes resisted and before the police officers could open fire, Hayes was down, a bullet through the heart.

The police gunners pouring lead at the robbers, two of whom dropped. One of the men killed was a negro.

Department Stores Employ Slim Girls To Save Space

FAT GIRLS PASSING FROM BEHIND COUNTERS

BY FREDERICK C. OTHMAN.

CHICAGO, May 12.—(UN)—Now it can be told, the reason why department stores here hire fat sales girls, not even stylish ones.

Fat girls, 1,000 members of the National Federation of Fat Girls Association learned in convention here last night, simply take up too much room.

"They get in each other's way behind the counters," said petite Miss Doris McLeod, service clerk at a Newark, N. J., store, "and it's too hard for them to stoop."

"We used to hire them, but the sales lack of the counters only have so much room and fat girls take up too much of it."

Miss McLeod went on to say that modern department stores want to like the hiring of fat girls, but like the revue producers hire chorus girls.

"Behind the toilet goods cases we always have girls with flabby, complexion," she said, "in the hosiery department, girls should have nice legs, and behind the glove counter, nice hands. Customers notice those things and anything that a customer notices should provide a favorable reaction."

Miss McLeod added that changing economic conditions have changed the status of shop girls to such an extent that most young women now look for permanent work, rather than for something to do in the time between graduation from school and marriage.

Marriage these days, she said, seldom causes a girl to quit her job. "Working conditions have so improved, as have salaries, that many women get jobs as prerequisites to their marriages so that they may aid their husbands by doing it."

George D. Halsey, executive of a Minneapolis store, then told how many saleswomen kept customers happy.

"What people are most willing to pay is emotional satisfaction," he said. "A customer pays \$200 for a French model gown. She could get an exact copy of it made in this country, for \$95. For what does she pay this emotional satisfaction?"

"Both dresses are of the same material, workmanship and appearance, but when she wears the one she can wear the original model by Paton, that is the emotional satisfaction she gets and it's worth \$105 to any woman."

Jobless Girl Leaps 10 Floors to Death

CHICAGO, May 12.—(UN)—Unsuccessful hunt for jobs brought death today for a beautiful young girl.

Miss Evelyn Winograd, 20, searched for weeks for work in the rounds of all the employment bureaus and answered all the newspaper advertisements.

"And I had no luck at all," she told the matron in a rooming house in the North American building. The matron left the room for a moment and the window to her left, 10 floors below, she died instantly.

Cousens' Power Bill Passed by Senate

WASHINGTON, May 12.—(AP)—The Cousens bill to reorganize the federal power commission, establishing an independent body of three appointed by the president, was passed today by the senate without a roll call.

The measure, by Senator Cousens, of Michigan, was sent to the house, where several similar bills are pending.

President Hoover and administration leaders have urged legislation to change the power commission. Secretary Wilbur has declared that the assistant personnel, which has been at odds over commission affairs, would be reorganized after the matter was disposed of in congress.

Shoals Bill Gets House Right-of-Way

WASHINGTON, May 12.—(AP)—Speaker Longworth today said that Muscle Shoals legislation would have the right of way in the house next week.

The house military committee today reported the Reece plan to the house as a substitute for the Norris resolution to authorize government operation of the Muscle Shoals project. The house rules committee is expected to grant privileged status to the measure, probably tomorrow.

Although some opposition is expected in view of the 11 to 5 vote by the military committee administration followers in the house are understood strongly to favor the Reece leasing plan. It was drafted along lines suggested by President Hoover in his annual message to congress.

The project would be leased for 50 years by a temporary board of three members to be appointed by the president. Under the leasing plan, fertilizer production and power development take precedence, and the lease would be required to construct Creek dam in Tennessee.

Upon favorable action by the house, the measure would go to conference.

The Belgian saw the massive lion's head turn in the direction of the raider and his heart all but ceased its beating as he waited the result. At a walk the lioness approached. Would the nervous animal take fright at the lion's scent? No, he seemed unafraid of the near presence of the great cat. On he came with arched neck, clamping at the bit between his teeth. They were almost abreast now, and still the lion did not spring. Could he be waiting for them to pass?

Werper shuddered and half arose. Just then the lion sprang from his concealment, full upon the mounted man. The horse, with a shrill neigh of terror, shrank sideways almost upon the Belgian, the lion dragged the helpless Arab from his saddle, and the horse leaped back into the trail and fled away toward the west. But he did not flee alone. Quickly, Werper made for its empty saddle, seized its pommel and leaped upon the horse's back.
